### **Duas drogas que induzem aborto podem ser reclassificadas como substâncias controladas e perigosas casino online suisse Luisiana**

Um projeto de lei inédito casino online suisse Luisiana, que reclassificaria duas drogas usadas para induzir abortos como substâncias controladas e perigosas, recebeu a aprovação final da legislatura e está esperado para ser sancionado pelo governador.

Mifepristone e misoprostol, conhecidos como "pílulas de aborto", seriam reclassificados como substâncias de classe IV sob a lei de substâncias controladas e perigosas de Luisiana.

#### **Proteção contra coerção ou risco à saúde**

Apoiadores da reclassificação dizem que isso protegerá as gestantes de coerção para realizarem abortos, enquanto opositores argumentam que dificultará a prescrição das drogas para outras necessidades reprodutivas importantes e poderá atrasar o tratamento.

#### **Impacto na disponibilidade e uso das drogas**

A lei casino online suisse Luisiana já exige receita médica para as duas drogas e torna ilegal o uso delas para induzir abortos na maioria dos casos. A nova medida faria mais difícil a obtenção das drogas, pois as classificaria como substâncias controladas de classe IV.

Isso exigiria que os médicos tivessem uma licença específica para prescrever as drogas, que seriam armazenadas casino online suisse certos locais que, casino online suisse alguns casos, poderiam ficar distantes de clínicas rurais. A posse das drogas sem prescrição válida estaria sujeita a punição, incluindo multas e prisão.

#### **Críticas e apoio à medida**

A medida tem sido criticada por democratas, inclusive pela vice-presidente Kamala Harris, que a descreveu como "absolutamente inadmissível". Por outro lado, conservadores e opositores do aborto aplaudiram a iniciativa.
