Hey everyone:)

1. INTRODUCTION:

My name is Martin, I am currently 22 years old guy from

Slovakia. I have always been passionate about the game, grinding zynga poker :D, but

given the fact that my country is so small (5.5mil) it was kinda hard to start playing

"professionally" since you need someone who shows you the fundamentals (even the forum like this is almost impossible to find for a recreational). However, I got lucky since

friend of mine (from chess which I was playing for almost 7yrs) introduced me to online poker for real money as well as my first poker forum where I have registered -

pokerstrategy.

I was totally overwhelmed, excited.. when I saw some beginner strategies

(not limping preflop, regggs tags, nits, lags type of players..) esp. when I looked at

play money poker and there were all recreational doing those wrong things, so I could test it and see if it works.. Surprisingly it worked really well!

I literally spent 2

months prob like 4h+ a day on that forum, reading articles, watching videos.. basically

trying to grasp the fundamentals and to be well prepared for the real money games. Its hard to describe, but I was incredibly motivated.. (it was actually during summer

holidays 2024)

I still remember the amount of excitement when I first time opened the

pokerstars real money tables... the main obstacle I had was my secondary grammar school

(since I was attending one of the best ones in my country) so it took me a decent amount of time and I also have had lot of different activities going on.

I have been

playing poker for 3 years (mostly 6max cash game), but have had some breaks, because of

school, friends, my free time activities etc etc. Currently playing nl50 6max on

pokerstars/gg. I used to dream to become a poker pro, so I hope that one day, my dream

come true! Thats why I decided to go to uni only for students benefits, so I have got

"gap year" as a trial to see whether I am able to make it as a poker pro, but also if

this is something which is really fulfilling me.. That said, if after this year I wont

be able to make it as a pro or I will find that poker isnt the way to go, I will go to

the uni next year and study either math or psychology+statistics.

My approach to poker

as some of you might have seen on this forum is highly exploitative.. I was inspired by Nick Howard and his free youtube content. His approach really resonates with me esp. because I think there are very few coaches who are talking about that stuff (if you know someone else, please let me know:)

Besides technical part, I am also trying to work on my mental game, I believe I can gain additional edge at the tables by meditating, exercising, having a cold shower, eating healthy stuff.. For me, its really important to listen to people who I regard as successful and trying to take from them good habits, because I think those rooted habits makes them better than the others bottom 80%

I am more of a sport type person enjoy being around people and having a lot of fun! However, currently due to lockdown in my country, I am forced to exercise only at home and meeting most of my friends just online, but still its better than nothing:)

Outside of poker, I am currently in 3-year leadership program (Nexteria). Which is really cool, since its pretty hard to get there and I found the community being so great, esp. because people out there really wants to become better as a person. The vision of that non-profit organization is to have competent and fair people on important positions in Slovakia

My life philosophy is basically enjoying life at any given moment, because life is too short.. thats why you would see me smiling most of the time:)

PURPOSE

keep myself accountable
inspire some (microgrinders) that its possible to get there

DAILY GOALS

some sort of exercise
meditation
intentions and
gratefulness (I have a notebook where I write on a daily basis my intentions and few things for which I am grateful)
book reading (currently reading 12 rules for life by J.Peterson)

morning cold shower
checking out my vision

FOCUS

thinking in terms of
ranges in every single spot
trying to enjoy the process of learning and playing as much as possible

HOBBYS

chess
table soccer
football
swimming in cold water
walking
math /
logical problems
table games

I will be updating this journal on a weekly basis, trying to bring at least one thing which I have learned/wanna share with you sorry for my

English and grammar mistakes, I am far from being a native speaker:)
Enjoy reading! :)

Dinastías musicales africanas: la herencia de Hukwe Zawose en Tanzania

Las dinastías musicales desempeñan un papel importante en la música africana, no solo en Malí sino también en Tanzania. Sin embargo, ha pasado un tiempo antes de que los descendientes de Hukwe Zawose reclamaran su legado. El difunto patriarca defendió las tradiciones nacionales mientras ganaba popularidad en Occidente en la década de 1980 y 1990, grabando álbumes para Real World y convirtiéndose en un habitual en WOMAD. El característico sonido del *illimba*, el piano de pulgar, estuvo en el corazón de su música, junto con los vocales exuberantes del pueblo Wagogo o Gogo de las colinas centrales.

En este álbum, su hija, Pendo, y su nieta, Leah, continúan su legado junto con los productores británicos Oli Barton-Wood y Tom Excell, quienes añaden guitarra y efectos de estudio a la mezcla. El poder vocal abrumador de la dupla es cautivador, una polifonía cambiante que principalmente aborda asuntos familiares y domésticos; se trata de la primera vez que las mujeres en la música Gogo han sido permitidas para escribir sus propias historias. Hay un fuerte impulso rítmico en temas como Maisha y Kuseka, donde la tía y la sobrina demuestran ser fieras bateristas. Mientras que en Sauti Ya Mama y Fahari Yetu, grabadas en el techo de un hotel en Zanzibar, la producción se vuelve soñadora y hipnótica bajo las cascadas de *illimba*. Es conmovedor.

Tema	Características
Maisha	Fuerte impulso rítmico, baterías potentes
Sauti Ya Mama	Producción soñadora, hipnótica
