A Full NetBet Review: Bonuses, Online Betting & More NetBet has been around for 15 years and has built up 5 a very loyal fan base in this time. Out of all the sites we have ever reviewed, NetBet has one 5 of the friendliest and most helpful customer service departments we have encountered. But how does it stack up in terms 5 of odds, markets and other features? Our NetBet review aims to find out if it deserves its reputation as one 5 of the top UK bookmakers. NetBet Welcome Offer for UK Customers

If you bet £5, you can claim the

5 £10 bonus in Free Bets. The ongoing offer at is generous enough. With the wagering requirement set at a very 5 low 4x with minimum odds of 1.3, we have no problems recommending this deal.

NetBet offers ongoing promotions that perfectly align with the sporting calendar, these change regularly which 5 makes the site feel fresh and maintained. This stops the site from going stale which in turn encourages repeat visits 5 to this bookie.

As these offers change regularly let's have a look at some of the offers that were in place 5 last season;

Soccer Challenge – So although this promotion

calls our beloved national sport “soccer”, we will forgive that because this 5 promotion was actually quite fun and turned into a bit of a battle for us here! The idea is a

5 simple one, you were competing with other players to see who could gain the highest amount of winnings on football 5 bets. The prize was a VIP trip worth £6,000 to see some Euro action.

Chase the Dream – An almost identical 5 promotion to the Soccer Challenge, the top ten players who amassed the most winnings on Champions League games were entered 5 into a prize draw to fly in a private jet to watch the Champions League final. That was not all! 5 It also had a monthly prize pot of £5,000 that could be won. As our regular readers will know, we 5 love these skill-based challenges.

#### NetBet 1 Million Game

– If the thought of winning £5,000 doesn't excite you, how about £1,000,000? 5 That was the grand prize in the NetBet 1 Million Game, by betting on the results in the Euro 2024, 5 you had the chance to scoop a life-changing amount of money.

#### Money Back If

There's a Goal in the Last Five 5 Minutes – Another one of our favourite offers! If a goal is scored in the last five minutes (which affects 5 the result) then you receive 50% cashback on losing bets. Now, this offer won't make you rich but at least 5 it gives you a chance to try again.

#### Sportsbook Features

One of the most appealing aspects of the NetBet site is the 5 ease of navigation. We test new sites daily and one of our biggest complaints against operators is the tendency to 5 cram so much information on the screen that it is almost impossible to find the market you are looking for.

This 5 is not the

case at NetBet, bright colourful icons are used to highlight the different markets.

This makes finding and 5 betting on your favourite sports a doddle. All the markets loaded fast and we experienced no delays or problems with 5 the site.

Like most sports

betting sites, NetBet has a wealth of statistical data available to you! Within one click you 5 can find historical head-to-head information on a fixture. It even has archives going back 15 years and although this probably 5 won't help in your selections, we found the nostalgic trip down memory lane engaging.

The layout of the site is

logical 5 with live betting easy to access on the main page. The popular markets are separated from the more random events 5 and the amount of events you can bet on is not as extensive as say Ladbrokes but it features everything 5 you would expect.

The right-hand side of the main screen is where the betting slip is located, which when populated with your bets 5 is easy to read and understand. A drop-down menu with bet amounts ranging from £5 to £1,000 means you can 5 place a bet in seconds, you can of course place any amount in the box itself if you fancy betting 5 a smaller amount.

Below the betting slip, you will often see recommended combo bets, and, unlike other sites, we did not 5 find these intrusive and they often inspired us to bet on events that we wouldn't normally bet on.

The live schedule is located at the bottom right of the screen, which is very useful for a quick glance to see what in-play events are due to take place.

NetBet Mobile as seen on TV

We liked the mobile layout when using in-play, many other sports betting sites have their markets in one big list which takes time to scroll down to find what you are looking for. NetBet does things differently! Instead, it divides the screen up and has large buttons to place bets. Not only is this easy on the eyes, it makes betting on a mobile device so much easier. After using this for a week, it has quickly become our go-to site for betting on the iPad.

The cash-out facility works perfectly at NetBet and like many armchair punters, this option has rescued us several times. We should also point out that our nervousness has also been the architect of many a lost pound as well though, but as they say "hindsight is a wonderful thing". You can cash out a bet whenever the icon appears, even if your bet is losing.

NetBet Mobile Betting App Reviewed

Every second counts in the betting world. This is especially true when you are placing a bet on a mobile device and you have only a few seconds to place a bet that feels just right to you. A good betting app will always ensure that the most important needs and wishes of punters readily accessible. It should not take a long time to locate the app's promotions, upcoming football events, betslip, in-play options, help menu, etc. This is precisely why we've grown a passionate liking to the slick design, intuitive graphics and easy-to-use interface of the NetBet mobile app.

NetBet have introduced "Rapid Fire" for mobile users and this is an awesome feature. It is easily one of the best ways we have seen for betting on a tablet or a mobile. Within a few taps it is so easy to lay multiple bets across different football games and football markets.

Banking and Transactions

A company that has been around for as long as NetBet is a sure sign that it takes your safety and security seriously. The site is secure and the payment partners they use are among the best in the industry.

Making a payment is simple and stress-free, just log into your account and go to the deposit section that you will see under cashier. The minimum deposit amount for all payment methods is £10, which is higher than some sports betting sites, but that will be fine for the majority of bettors. The maximum deposit amounts for some payment methods are lower than other sites such as Paddy Power or BetVictor but again, this will be fine for all but the high rollers among you.

NetBet accept the following payment methods

Payment method	Deposit	Withdrawal	Processing	min	max	time	fee
Visa	£10	£900	Instant	Free	2 – 5	days	
Maestro	£10	£900	Instant	Free	2 – 5	days	
Mastercard	£10	£900	Instant	Free	2 – 5	days	
GiroPay	£10	£4,000	Instant	Free	Instant		
Skrill	£10	£4,000	Instant	Free	Instant		
PayPal	£10	£5,000	Instant	Free	Instant		
Neteller	£10	£5,000	Instant	Free	Instant		
paysafecard	£10	£100	Instant	Free	Instant		
eCard	£10	No Limit	1 – 5	days	Free	Instant	
EUTeller	£10	£5,000	1 – 5	days	Free	Instant	
WebMoney	£10	£1,000	Instant	Free	N / a	Bank Transfer	£10
Bank Transfer	No Limit	Instant	Free	2 – 5	days		

So overall, NetBet offers plenty of ways to fund your account. If we're being picky, we would say that it is a bit surprising that it's lacking some common payment methods. If you don't find the one you're looking for you can try BetVictor for a suitable alternative.

## NetBet Help & Support

NetBet 5 supports all

the usual ways of contacting a company such as E-mail, Telephone and Live chat, however, they don't have a postal address listed for customers to contact. Yet this is becoming more common with online sports sites so we don't see this as a negative. When we contacted the support team for our NetBet review, it always provided a great level of customer service and makes it one of our favourite sites to deal with. The team is prompt to answer and has polite, friendly and knowledgeable staff. It has an online FAQ database which is very easy to navigate and find the answer to your query.

### Netbet – the History of This Online Sportsbook

Many of us wouldn't

have heard of Cosmo Gaming but it's the driving force behind NetBet. As well as the sports site it also runs NetBet Casino, NetBet Poker, NetBet Vegas and NetBet Live Casino.

The site was originally branded as 770 (Casino770, Bet770 and Poker770) but was recently changed to the NetBet name. With the rebranding, it brought all the subsidiaries together under the NetBet umbrella.

Why did NetBet Score 4/5?

We like NetBet! They may not

have a high profile like Ladbrokes or William Hill, but what they do, they do very well. The layout and design of the site is perfectly fine and we have had no issues placing a bet in the many months we have been using the site.

Customer

support is the most stand-out feature of NetBet, we have contacted them numerous times and we always found them to be the friendliest and most helpful of all the online sports betting companies we have used.

We love the live betting on a tablet, it's just

so easy and almost deserves the A grade for this alone! Many companies we have used really struggle with the layout of their in-play offering but this certainly isn't the case with NetBet. If you are likely to bet on the move then we highly recommend you try NetBet.

Netbet highly recommended for in-play Visit Site!

Overall, NetBet is one of our

favourite sites and 5 deserves to sit at the top of the pile. All the boxes we need ticking like navigation, banking, customer support 5 and in-play are very firmly ticked and we find this site a pleasure to use. The varied and ongoing promotions 5 only add to the prestige of this top-rated site.

### **Ministro de Defesa de Israel se reúne com funcionários de EE.UU. mientras la guerra en Gaza está "a punto de 3 terminar"**

El ministro de Defensa de Israel, Yoav Gallant, tiene previsto reunirse con altos funcionarios de Estados Unidos en Washington D.C. 3 en medio de la guerra en curso entre Israel y Hamás en la Franja de Gaza. Gallant se reunirá con 3 el secretario de Estado, Antony Blinken, el director de la CIA, William Burns, el secretario de Defensa, Lloyd Austin III, 3 y el asesor de seguridad nacional del presidente Joe Biden, Jake Sullivan.

Estas reuniones se producen después de que el primer 3 ministro Benjamín Netanyahu declarara que la fase intensiva de la guerra contra Hamás en Gaza estaba "a punto de terminar". 3 Gallant había esbozado previamente un plan de batalla en tres fases para Gaza que incluía ataques aéreos intensos y operaciones 3 terrestres destinadas a "eliminar los focos de resistencia".

Durante el fin de semana, dijo que en sus reuniones en Washington 3 se discutiría "la transición a la 'Fase C' en Gaza".

### **Posible tregua temporal y liberación de rehenes**

Sin embargo, el domingo, Netanyahu 3 se mostró ambiguo sobre cómo su gobierno espera que la

guerra termine. En una entrevista con una cadena de televisión israelí, dijo que estaba dispuesto a acordar una tregua temporal y la liberación de algunos de los rehenes en Gaza, para luego reanudar la guerra. Esto parecía contradecir la propuesta israelí -apoyada por Biden y el Consejo de Seguridad de las Naciones Unidas- de un acuerdo gradual que liberara a todos los rehenes israelíes e iniciara un alto el fuego permanente.

## **Tensiones entre Israel e Hizbulá**

Uno de los interrogantes es cómo podría afectar una tregua temporal o un alto el fuego permanente en Gaza a las tensiones entre Israel e Hizbulá, una poderosa milicia y facción política libanesa respaldada por Irán. Ambos conflictos están entrelazados y los analistas han afirmado que es improbable que se llegue a un acuerdo para poner fin al conflicto entre Israel e Hizbulá mientras persista la guerra en Gaza.

La escalada de disparos a través de la frontera entre Israel y Líbano en las últimas semanas ha avivado el temor a que los combates se conviertan en una guerra total. El fin de semana, el ejército israelí declaró que había matado a un militante en un ataque aéreo en territorio libanés. Los medios de comunicación estatales libaneses informaron de que el ataque israelí había alcanzado un pueblo situado a unos 40 kilómetros de la frontera.
