Assisio Batista, 34 anos, uma nomeknown no mundo das apostas esportivas, had been betting on elections for years. With the upcoming presidential election, he saw an opportunity to make a fortune. He had been analyzing the polls, and he was confident that Luiz Inácio Lula da Silva would win. He decided to place a bet of R\$ 200,000 on Lula at a odds of 2.25.

Two weeks before the election, Assisio received a call from a representative of Betway, one of the largest online betting sites in the world. They offered him a strange proposal: they wanted him to work for them as an election consultant. They had seen his predictions and were impressed by his knowledge of Brazilian politics. Assisio was hesitant at first, but the offer was too good to refuse. He accepted the job and started working for Betway.

One of Assisio's new colleagues at Betway was renowned political scientist, Maria Costa. Maria had been studying the Brazilian political scene for years and had a deep understanding of the current election. She was impressed by Assisio's knowledge and saw him as a valuable asset to the team. She decided to work closely with him, and they started to analyze the polls together. As the election day approached, Assisio and Maria noticed something strange. The polls showed Lula in the lead, but they also showed a significant number of undecided voters. Assisio suspected that something was amiss. He decided to dig deeper and started investigating the odds of a surprise victory for Jair Bolsonaro, the current president.

Assisio's investigation led him to a small website that was barely known in Brazil. It was a site that allowed users to bet on the probability of a candidate winning. The site showed a sudden increase in bets for Bolsonaro, which seemed strange, given the polls showed Lula with a comfortable lead. Assisio saw an opportunity and decided to place a bet on Bolsonaro, with odds of 4.50. Election day arrived, and the nation anxiously awaited the results. Assisio watched as the votes were counted, and his heart raced as he saw the unexpected happening. Bolsonaro was winning, and it looked like he would take the presidency. Assisio's bet was looking good, and he could hardly believe his luck.

The final result was Bolsonaro with 51% of the vote. Assisio couldn't believe it. He had won his bet big time. He had turned his R\$ 200,000 into a staggering R\$ 1,200,000.

Assisio was overjoyed. He had guessed the almost impossible and had won big. Bolsonaro's victory went against all odds and polls, but Assisio has been able to see beyond the numbers. Maria had helped him a lot, and his colleagues at Betway were impressed by his insight. His decision to place a bet on Bolsonaro when nobody else was doing it, was celebrated as a gold movement, pure brilliance in the world of betting. Assisio had just won big time and further

increased his knowledge in betting in politics.
