The wheel includes the numbers 1-36 plus a single 0 (or two zeros in the American version). After the time allocated for betting has expired, the dealer releases the spinning ball within the roulette wheel. The ball will eventually stop in one of the numbered pockets within the wheel. You win if you have placed a bet on the resulting number.

For example, the Outside bets are written in French, and not with the usual English

The main difference between the American roulette rules and European roulette rules is that the former has an extra zero slot on the wheel, marked with a double zero. What this does is raise the house edge slightly, making the game's theoretical return to player rate 94.7% instead of the standard 97.3% usually found in the French and European games.
