Top 3 Revolut betting sites Although there aren't many options for betting sites that offer Revolut, it can still be tricky to choose which one to use. This is because nowadays the bookies are becoming very alike. Here we have a list of the 3 best options for you to choose from. 22Bet 20Bet 888Sport Safety of Revolut Sports Betting A lot of people question the actual reliability of this payment method. This happens due to the fact that this is one of the first electronic banking service providers that are available worldwide. In terms of safety, Revolut literally excels. All the transactions processed using this payment method are encrypted using the 256-bits encryption. This ensures that all your funds are safe and no one can hijack the transfers. All the account information (e.g. username, password, bank account, etc.) is encrypted using the latest SSL protocols. Therefore, apart from Revolut Ltd. and your Revolut betting site, no one can see the actual data linked with your account. Their official website benefits from HTTPS (Hypertext Transfer Protocol Secure). As a result, all the passwords and bank information you fill in on their website are completely safe. What is BIN? IN is an acronym for Bank Identification Number. The BIN is a set of numbers printed on the front of your bank card. It was developed by ANSI (The American National Standards Institute) and ISO (International Organization for Standardization) in order to recognize the various institutions issuing the cards. This set of numbers applies to prepaid cards, debit cards, gift cards, charge cards, and credit cards. Every payment card has a BIN number. The numbers identify the specific industry identifier and the bank or institution offering the card. Revolut: GB BINs vs. LT BINs A bank identification number, or a BIN, is a string of numbers that are found on credit/debit cards. It is typically the first four to six digits of your credit/debit card number. The BIN identifies the bank from which the card was issued. So, when you use your card to deposit at an online casino, the BIN tells the operator exactly where funds are coming from. In 2024, the UK Gambling Commission implemented new rules which ban the use of credit cards at online casinos. If your Revolut card has a UK-based BIN, you won't be able to use it to fund your betting account. However, that rule doesn't apply to those in places like Lithuania. If your card has a Lithuanian (LT) BIN or another non-UK (GB) BIN, you will be permitted to deposit funds at an online betting site using your Revolut card. You can easily check your BIN to find out where your Revolut card is from by visiting one of the many free BIN checking sites. It is usually as simple as entering your card number How to Check your BIN Access a BIN-checking website. There are several websites that enable you to check your BIN without you paying a dime. You can visit bincheck.io Enter the first six digit of your BIN number into the search box Click on the 'Check' box. Your BIN details containing the card brand, card type, issuer name/bank, ISO country name, will immediately appear. Revolut bookmakers Choose the

bookmaker from the list above that catches your eye, then click the link to register for an account and start betting. After placing your first bet on that site, you'll receive your welcome bonus. You will also be asked to confirm your payment options, so you can stick to Revolut or add a list of alternatives. Doing so gives you greater control over your payments, allowing you to decide which accounts you use to pay for bets and where your winnings will be paid. Adding cash to your online betting account with Revolut is quick and secure. All transactions made through the bookies mentioned on this page offer customers modern and reliable online security. All transactions made through Revolut will be protected at both ends when depositing and betting. Secure Socket Layer technology protects your sensitive details, allowing you to transfer cash and bet with complete peace of mind.
