Manchester United previously valued underperforming Brazilian winger Antony at just £25m, before eventually signing him for £85m, according to reports.

The club's recruitment and transfer policy has been heavily criticised in recent years with the department widely-expected to be overhauled once Sir Jim Ratcliffe's investment in United is confirmed.

Antony joined in last year's summer transfer window as he was reunited with former Ajax manager Erik ten Hag at the 13-time Premier League champions.

Eyebrows were initially raised over the near-£100m figure that was splashed on Antony in the closing days of the transfer window, and his performances since have failed to justify the eye-watering fee.

Antony has scored just eight goals in 62 appearances for United since joining and is yet to score or register an assist this season.

It has now been revealed a previous valuation of £25m was placed on Antony during Ole Gunnar Solskjaer's managerial reign at the club, as reported by The Athletic.

Club scouts had been monitoring the Brazilian during his time at Ajax and believed the fee resembled a player who should be available for under £30m.

However, Ten Hag's arrival largely focused recruitment efforts on his former side with Antony's name gaining universal approval, while defender Lisandro Martinez also joined from the Dutch team in the same summer.

Transfer negotiations for the 23-year-old saw United initially refuse to pay more than £60m, before eventually breaking their previous appraisal and splashing out over £20m more on the player as 'desperation' set in during the final days of the transfer window.

Antony signed a five-year contract at Old Trafford with the option of another year, with the player doing his best to push through the transfer by refusing to train with Ajax's first-team while previous negotiations were ongoing.

Manchester United eventually completed the £85.5million signing of Antony from Ajax last year. Scouts working under former United manager Ole Gunnar Solskjaer reportedly valued Antony at just £25m.

He helped United lift their first piece of silverware under Ten Hag as they beat Newcastle in last year's Carabao Cup final, but his form has come under heavy scrutiny since.

His arrival made him the second-most expensive player in the club's history - with former midfielder Paul Pogba still claiming top spot after re-joining from Juventus for £89m - and has so far failed to nail down a starting role.

IT'S ALL KICKING OFF! It's All Kicking Off is an exciting new podcast from Mail Sport that promises a different take on Premier League football, with a show every Monday and Thursday this season. It is available on MailOnline, Mail+, YouTube, Apple Music and Spotify. Your browser does not support iframes. Advertisement

Ten Hag is still enduring a nightmare right-wing scenario with his options limited to either playing Antony, unproven youngster Facundo Pellistri, or Marcus Rashford on his unfavoured wing.

Jadon Sancho was Antony's most prominent challenger for the position before he was exiled from the team.

Aumenta a 143 la cifra de muertes por la tragedia climática en el sur de Brasil

Fuente:

Xinhua

13.05.2024 13h22

La cifra de muertes de la peor catástrofe meteorológica de la historia del estado de Rio Grande do Sul, el más al sur de Brasil, aumentó a 143, con 125 personas desaparecidas, 806 heridas y más de 600 mil desplazadas, según datos publicados este domingo por la Defensa Civil local.

Según el último boletín del organismo, 447 de los 497 municipios gauchos han sido afectados desde el 29 de abril por deslizamientos, inundaciones y lluvias torrenciales que obligaron a las autoridades y a cientos de voluntarios a utilizar botes, barcos, jet-skis y helicópteros para

rescatar personas y animales.

La cobertura permanente de los canales de televisión e internet ha mostrado escenas dramáticas y {img}s de antes y después, que dejan claro el grado de destrucción en el campo, causando pérdidas aún incalculables para agricultores y ganaderos y en las áreas urbanas invadidas por inundaciones sin precedentes de los ríos que atraviesan el estado, entre ellos, el Guaíba, que baña la capital Porto Alegre, cuya mitad está inundada.

Las perspectivas de los meteorólogos y las autoridades son que la situación empeorará aún más con el regreso de fuertes lluvias este fin de semana, lo que elevó el número de personas evacuadas de alrededor de 441 mil registradas el sábado a 1,059 millones este domingo. De ellas, más de 81 mil están en refugios y el resto en casas de familiares y amigos.
