At Lilibet Casino, there are so many unique ways to play Blackjack thanks to the amazing folks at Evolution Gaming. The latest addition from Evolution Gaming is Power Blackjack. Featuring fewer cards, rewarding side bets, and the ability to multiply your bets, Power Blackjack might be the most lucrative blackjack title yet.

At Lilibet

Casino, we have the perfect guide to learn how to play Power Blackjack and use a superior strategy at the Blackjack table. Before you hit the tables, be sure to check out our complete Power Blackjack strategy guide.

Power Blackjack Introduction

Imagine

live blackjack but it plays a little like Extreme Texas Hold'em in the sense that you can increase your bet after the initial deal. Uniquely, there are no 9's or 10's in this online blackjack game. Otherwise, the blackjack rules are as standard, but your blackjack strategy will have to be altered to accommodate the removed cards.

Power

Blackjack Rules

So, in essence, standard blackjack rules apply. The player is dealt two cards face up, while the dealer receives one card up and one card down. As usual, the player must aim to beat the dealer. A score of 22 or more will result in going bust and losing the round. The player is given the decision-making power to take a card or stand.

With the basics out of the way, here are the specific blackjack rules for Power Blackjack by Evolution Gaming.

This is a One-to-Many game, which means all the players play the same hand but can make their own decisions.

The dealer must stand on 17 or above.

Double Down and Split pairs are available.

Blackjack pays 3:2 and Insurance pays 2:1.

All 9's and 10's have been removed from the 8 decks.

Players have the option to

double, triple, or even quadruple down after the initial deal and on splits.

What Is

the Power Blackjack Strategy?

The most important consideration for a Power Blackjack strategy is remembering that there are no 9 or 10 cards in the decks. Many online strategies neglect to factor in this change. We can break down the optimal Power Blackjack strategy into 3 decision-making categories: Hit or stand, double down, and splitting.

Hit or Stand

It is recommended that the player always hits on a hard 14 or less – hard meaning a hand with no ace – and players should always stand on a hard 18 or more. If your hand of 17 or less is soft, it is best that you hit but stand on a soft 19 or more.

Splitting

For optimal Power blackjack strategy when splitting pairs, consider the following tactics. Split 2's unless the dealer has a 6 – in that case, hit instead. Never split a pair of 5's, ever. You can split a pair of 3's but again, only if the dealer has a 6.

Never split face cards – Jack, Queen, King – and an ace should only be split when the dealer has either 2 through to 6 or an 8 through to any of the face cards. Finally, we always recommend splitting 8's in our Power Blackjack strategy.

Double down

We say, double down, but this also refers to triple or quadruple down. The player can choose how big they wish to multiply their bet as they deem fit. Our Power Blackjack strategy recommends always doubling down on a pair of 5s if the dealer has less than 10. If you have a hard 10, it's best to double down with a dealer 2 – 7 but hit for anything else.

If the dealer has a 6 and you are sitting on soft 15 or 16, you should double down. The same goes for a soft 17 when the dealer is holding a 5 or 6. We recommend doubling down on a soft 18 if the dealer has low cards of 2 – 6. Anything higher and it is best to hit.

How To Win Power Blackjack?

There are two

distinct ways to win at Power Blackjack. The first way is to simply play using a solid Power Blackjack strategy. The RTP of Power Blackjack is 98.80% and this is achieved by following a good strategy. The second way is to leverage side bets. There are 4 types of side bets in Power Blackjack.

Any Pair – this is a bet that the initial deal will be a pair. A pair pays 7:1 and a suited pair pays 20:1.

Hot3 – a wager on the total value

of your initial two cards and the dealer's up card. You can bet on 19, 20, 21, or 3 sevens. Payouts range from 1:1 up to 100:1 for 3 sevens.

BustIt – this is a bet on the

dealer going bust. There are various levels of bust with a 3-card bust paying 1:1 and an 8-card bust paying 250:1.

21+3 – this side bet is a wager that the dealer's up card

and your initial deal will form a 3-card poker hand, such as straight, flush, or suited trips. Payouts range from 5:1 to 100:1.

Power Blackjack Online Casino

The best live

casino for blackjack gaming is Lilibet Casino. Besides the massively popular and unique Power Blackjack, you can also play other exciting titles like Free Bet Blackjack ,
