## DAILY DROP JACKPOTS: SLOTS

Your chance to win massive, deadline-guaranteed jackpots, from even the smallest stake!

Red Tiger's Daily Drop Jackpots have taken the slots world by storm. Guaranteed to be paid out by set deadlines every day, any stake played in the Red Tiger Daily Jackpot games at LottoGo can land you a mind-blowing win!

These daily and hourly drops are progressive jackpots, built up by taking a percentage of every bet placed in the Red Tiger Jackpot games. The average Daily Drop usually reaches between £40,000 - £50,000, but amounts will vary depending on how many players play the games, and when the jackpot drops!

A player can trigger a jackpot 'drop' simply by landing 3 Jackpot Symbols on the reels of a Red Tiger Jackpot game. This activates the 'Jackpot Wheel' feature, which then spins to determine which jackpot is won.

How do I play Keno at LottoGo?

Similar to lottery, Keno is a game of chance. Players pick from a range of numbers between 1 to 80, choosing either 1-10 or 15 or 20 or 40, followed by how much they wish to stake. 20 numbers out of the 80 are randomly drawn with different prizes up for grabs including the £5million jackpot! A pay table is readily available to work out how much can be won based on how many numbers are picked and the stake amount.

LottoGo offers flexible options to choose from, with Keno games starting from as little as 50p a stake, up to a £5 stake per game. Players may also choose how many draws to enter.

With draws taking place every 3 minutes, you don't have to wait long to find out if you've won a Keno prize! Imagine winning that £5million jackpot while on the bus, train or even on a coffee break at work!

How much money have LottoGo players won on games?
