BONUS FEATURES ON  
SLOT GAMES

While reels and symbols form part of the basis of a slot, features always add that little extra something. This 'little extra' is known to define the popularity of slots! Let's pick Rainbow Riches Free Spins Slot. The title is already part of the hit slot series but the Free Spins Feature of the game takes the title to a whole new level. Free Spins Features are just one of the many bonuses to expect on slots online. Here's a quick list of the most common ones you will find.

Free Spins Feature: With the

help of scatters, enjoy free spins that will take place on either an alternate set of reels or in the base game as well. Most Free Spins Features are simple, but game providers are now combining multipliers, stacked symbols and jackpots with their free spins. Awesome combo!

Prize Picker Feature: Fluffy Favourites Slots are best known for

featuring this one! Simple as it sounds, all you need to do is click on symbols to grab instant wins. Some slots grant you limited picks; others let the reels determine how many picks you will get. What's your score on prize picker rounds?

Tumbling Reels

Feature: Imagine a single spin giving you more than one chance of winning. That would be great, right? With Tumbling Reels Features, winning combinations are removed from play, leaving empty spaces to be filled with falling symbols. If the latter results in another win, the feature is re-triggered. As such, more than one win is possible on a spin!

Wheel of Fortune Features: There's a whole slot series dedicated to this TV-savvy feature. Wheel of Fortune slots was already a hit in real casinos but online, they are platforms for the activation of extra features. The pointer determines the rewards. Will you get some free spins? Maybe the multipliers will do their thing? Clear your pockets... a jackpot is on the way!

## SLINGO YOUR WAY TOWARDS THE SLINGO SLOTS

If you're not used to Slingo, don't be surprised to see bingo cards on your screen. Slingo features elements from both popular games. Reels will determine the winning numbers on your bingo card.
