Blackjack é um dos jogos de cartas mais populares do mundo, e como qualquer outro jogo das mãos. Mas Já se perguntou quais cartões são usados no blackball? Bem não me perguntem! Neste artigo vamos dar uma olhada nos cards utilizados em bet jack vinte-evansegos que significam para a seu gameo/a>

O Deck

O blackjack é jogado com um baralho padrão de 52 cartas, sem brincalhões. A plataforma está dividida em bet jack quatro naipes: clubes ndia e Espanha cada terno tem rei da rainha Jack 10 para Áce!

O valor dos cartões de crédito

No blackjack, os cartões têm o seguinte valor:

Variant of card game poker

Seven-card stud, also known as Seven-Toed Pete or Down-The-River,[1] is a variant of stud poker. Before 1 the 2000s surge of popularity of Texas hold 'em,[2] seven-card stud was one of the most widely played poker variants 1 in home games across the United States[3] and in casinos in the eastern part of the country. Although seven-card stud 1 is not as common in casinos today, it is still played online. The game is commonly played with two to 1 eight players; however, eight may require special rules for the last cards dealt if no players fold. With experienced players 1 who fold often, playing with nine players is possible.

In casino play, it's common to use a small ante and bring-in. 1 In home games, using an ante only is typical.

Seven-card stud is the "S" game in HORSE and similar mixed game 1 formats.

Rules [edit]

The game begins with each player being dealt two cards face down and one card face up. 1 The player with the lowest-ranking upcard pays the bring-in, and betting proceeds after that in normal clockwise order. The bring-in 1 is considered an open, so the next player in turn may not check. If two players have equally ranked low 1 cards, suit may be used to break the tie and assign the bring-in (see high card by suit). If there 1 is no bring-in, then the first betting round begins with the player showing the highest-ranking upcard, who may check. In 1 this case, suit is not used to break ties. If two players have the same high upcard, the one first 1 in clockwise rotation from the dealer acts first.

After the first betting round, another upcard is dealt to each player (after 1 a burn card, and starting at the dealer's left as will all subsequent rounds), followed by a second betting round 1 beginning with the player whose upcards make the best poker hand. Since fewer than five cards are face up, this 1 means no straights, flushes, or full houses will count for this purpose. On this and all subsequent betting rounds, the 1 player whose face-up cards make the best poker hand will act first, and may check or bet up to the 1 game's limit.

The second round is followed by a third upcard and betting round, a fourth upcard and betting round, and 1 finally a downcard, a fifth betting round, and showdown if necessary. Seven-card

stud can be summarized therefore as "two down, 1 four up, one down". Upon showdown, each player makes the best five-card poker hand they can out of the seven 1 cards they were dealt. Seven cards to eight players plus four burn cards makes 60 cards, whereas there are only 52 1 in the deck: in most games, this is not a problem because several players will have folded in early betting 1 rounds. In the event that the deck is exhausted during play, the four previously dealt burn cards can be used, 1 but if these are not sufficient, then the final round will have a single community card (which can be used 1 by everyone) dealt into the center of the table in lieu of a downcard to each player. Discarded cards from 1 a folded hand are not reused.

Unlike draw poker, where no cards are ever seen before showdown, stud poker players use 1 the information they get from face-up cards to make strategic decisions. A player who sees a certain card folded is 1 able to make decisions knowing that the card will never appear in another opponent's hand.

Variants [edit]

There are several 1 variations of Seven-Card Stud Poker in which each player is dealt a set number of cards. Not all of these 1 variations can be found at poker rooms but they can be fun to play at home.

"Down the River" is the 1 basic variation of Seven-Card Stud Poker and this is the game played in poker rooms. "Mississippi" removes the betting round 1 between fourth and fifth streets, making only four betting rounds. This game also deals the fourth and fifth cards face 1 up. This makes the game more closely resemble Texas Hold'em by having the same betting structure and the same number 1 of down and up cards. Another is "roll your own", in which four rounds of two cards each are dealt 1 down, and each player must "roll" one card to face up, followed by a round of betting. Except for the 1 first round, the card rolled may or may not be from the round just dealt. "Queens and after": in this 1 variant, all Queens are wild, and so is whatever card that is dealt face up that follows the Queen. All 1 cards of that kind are now wild, both showing and in the hole. The fun part is that if another 1 Queen is dealt face-up, the wild card will change to whatever follows this Queen. The former card is no longer 1 wild. "Baseball": in this variant 3s and 9s are wild, and a 4 dealt face up gets an extra card. 1 "Low Chicago": Low spade in the hole gets half the pot. Similarly, "High Chicago" means high spade instead of low. 1 Just "Chicago" can mean either. "Acey Ducey": aces and twos are wild. One-eyed Jacks or Suicide King can be specified 1 as wild. Razz is a lowball form of Seven-Card Stud, with the objective being to get the lowest hand possible. 1 In the variation called "Seven-Card Stud High-Low", the pot is split between the holder of the highest and lowest hand 1 if the low hand is topped by at least an 8. Alternative names to this variation are Seven-Card Stud/8 and 1 Seven-Card Stud Split.

Sample deal [edit]

The sample deal below assumes that a game is being played by four players: 1 Jimmy, who is dealing in the examples; Larry, who is sitting to his left; Craig to his left; and Katherine 1 to Craig's left.

All players ante 25¢. Jimmy deals each player two downcards and one upcard, beginning with Larry and ending 1 with himself. Larry is dealt the 4, Craig the K, Katherine the 4, and Jimmy the 9. Because they are 1 playing with aR\$1 bring-in, Katherine is required to start the betting with aR\$1 bring-in (her 4 is lower than Larry's 1 4 by suit). She had the option to open the betting for more, but she chose to bet only the 1 requiredR\$1. The bring-in sets the current bet amount toR\$1, so Jimmy cannot check. He decides to call. Larry folds, indicating 1 this by turning his upcard face down and discarding his cards. Craig raises toR\$3. Katherine folds, and Jimmy calls. Jimmy now 1 deals a second face-up card to each remaining player: Craig is dealt the J, and Jimmy the K. Jimmy's two 1 upcards make a poker hand of no pair, K-9-high, and Craig has K-J-high, so it is Craig's turn to bet. 1 He checks, as does Jimmy, ending the betting round.

Another face up card is dealt: Craig gets the 10 and Jimmy 1 gets the K. Jimmy now has a pair of kings showing, and Craig still has no pair, so Jimmy bets 1 first. He betsR\$5, and Craig calls. On the next round, Craig receives the 10, making his upcards K-J-10-10. Jimmy receives the 1 3. Jimmy's upcards are 9-K-K-3; the pair of kings is still higher than Craig's pair of tens, so he betsR\$5 1 and Craig calls.

Each player now receives a downcard. It is still Jimmy's turn to bet because the downcard did not change either hand. He checks, Craig bets \$10, and Jimmy calls. That closes the last betting round, and both players remain, 1 so there is a showdown.

Since Jimmy called Craig's bet, Craig shows his cards first: Q 2 K J 10 10 1 A. He can play A-K-Q-J-10, making an ace-high straight. Jimmy shows (or, seeing he cannot beat Craig's straight, mucks his 1 cards): 9 5 9 K K 3 5. The best five-card poker hand he can play is K-K-9-9-5, making two 1 pair, kings and nines. Craig wins the pot.

In popular culture [edit]

At the end of Tennessee Williams' play *A Streetcar Named Desire*, the minor character Steve says "This game is seven-card stud," seemingly a reference to the narrative's transactional, 1 game-like nature and its lack of propensity to change.

La industria del cine está en problemas: ¿verdad o falso?

Se habla mucho sobre los problemas de la industria del cine en la actualidad. Se dice que las películas no están teniendo el éxito esperado en la taquilla y que directores famosos como David Lynch y Francis Ford Coppola tienen dificultades para conseguir financiamiento o distribución. Pero, ¿está realmente en peligro la era dorada del cine?

La vida continúa en el mundo del cine

A pesar de los rumores, el cine sigue siendo un mercado próspero. Si quieres ver cuán viva está la industria, solo tienes que buscar en Etsy los productos con frases de películas.

Frase de película	Cantidad de productos	Precio promedio
"Bond, James Bond"	Aprox. 4,000	R\$82.47
"I see you" (de Avatar)	-	-
"This is Sparta" (de 300)	872	-
"Avengers assemble"	295	-
"Good morning, Vietnam"	152	-
"Wilson" (de Cast Away)	-	£29

La frase más rentable es "Bond, James Bond", con casi 4,000 productos que promedian los R\$82.47. Desde velas perfumadas hasta playeras, la variedad de productos es impresionante.

El futuro del cine

Aunque algunas frases famosas no aparecen en la lista, no te preocupes. La variedad de productos en Etsy es casi ilimitada. Desde frases de películas clásicas hasta las más recientes, seguramente encontrarás algo que te guste.
