Matthew Hilger has been playing poker online successfully for the last few years. He has done well in live tournaments, too. He made the money and placed 33rd in the 2004 World Series of Poker and won the 2002 New Zealand Poker Championship. He started playing poker in college and improved his game while in graduate school.

When he took a job with Chiquita Foods in Costa Rica, he began playing in weekly tournaments at the local casino. Little did he know he played and even won against some of the best players in the world like Humberto Brenes. He started to play online after he transferred to Argentina, where gambling is illegal.

From those experiences to today, he shares what he has learned from playing over seven thousand hours online in his book, *Internet Texas Hold'em: Winning Strategies from an Internet Pro*, which specifically focuses on limit Texas Hold'em. If you are thinking about playing on the internet, this is the book for you.

Hilger's book is roughly broken into nine sections. During the first three, "The Introduction," "Poker Concepts," and "Starting Hands," he gives a general overview about poker which is beneficial to any new player. He includes a few definitions and familiarizes the reader with internet jargon. The charts and graphs he includes are easy to read and he suggests printing them out and keeping them next to the computer while playing.

Hilger spends almost 100 pages discussing the flop. He breaks down the concept further by discussing flopping the nuts, sets/trips, two pair, top pair/overpair, middle/bottom pairs, flush and straight draws, overcards, and my favorite... trash hands.

His strongest section is his thoughts on "The Turn." His discussion on raising on the turn to show the strength of one's hand instead of slowplaying quickly rubbed off on me. I won a few more pots in recent games instead of losing to suckouts on the river because I failed to properly protect my hand.

Hilger also spends time on "Playing Your Opponent" and "Bankroll Management." He highlights taking advantage of your opponents' strengths and weaknesses. He also talks about the fluctuations that might occur in a bankroll and why the player needs to stick to a formula of 350 big bets to insure he or she does not go broke at that level.

His last chapter is made up of different topics such as site and game selections, online tells, high vs. low limits, stack sizes, playing multiple tables, personal record keeping, taking notes on other players, tournaments, promotions, collusion and cheating.

The end of each section has a "Chapter Review" and a quiz called "Test Your Skills." Hilger asks questions regarding different levels (\$3/\$6 vs. R\$10/\$20) and gives clear and concise answers. The best parts of his book were the random "Internet Tips" which appear throughout. This one was my favorite:

"On the Internet, players tend to be a little more aggressive than in live play... since many opponents can't resist trying to bluff at a pot." (Hilger, Page 212)

Hilger spends most of his time giving an overview about poker. Although his "Internet Tips" are helpful, he doesn't reveal anything that has not already been discussed in other books of this nature. He only focuses on Limit Texas Hold'em and the reader will not find any tips on playing No Limit nor playing tournaments. His book can be helpful for beginners, but it should not be the first book one reads about poker. It's a solid addition to any poker library, especially for online players looking to improve their games.

Kylian Mbappé, estrela mundial do futebol, está pronto para a nova aventura no Real Madrid

He's a World Cup winner, who has won multiple titles with French club Paris Saint-Germain over the last seven years. Now, Kylian Mbappé, who is widely expected to imminently join Real Madrid, says he's looking forward to the challenge of playing in a new country.

"Quero ser feliz," diz Mbappé

"I want to be happy," Mbappé told Sport's Amanda Davies after being crowned Best Men's Player at the inaugural Globe Soccer Awards Europe Edition in Sardinia, Italy, on Tuesday.

Uma nova experiência bet jogo de amanhã um novo clube

"I will leave my country for the first time," added Mbappé. "It's going to be an amazing experience and I can't wait to be in my new club. I want to win trophies ... When you speak about football, [it's about] winning trophies, being with new teammates.

Mbappé, um jogador cotado

It was earlier this month that confirmation came that the 25-year-old, who is the second most expensive soccer player in history, wouldn't be extending his stay with French giant PSG.

The first time Real came calling for Mbappé was when the forward was just 13 years old. In his comic book, "Je m'appelle Kylian (I'm called Kylian)," Mbappé describes his dreams of one day playing in the famed white shirt of Los Blancos.

And when Real submitted a R\$188 million bid for the striker in August 2024 – a deal that was close to being agreed – the Frenchman admitted at the time that he wanted to leave PSG.

Uma decisão difícil

So was it the right decision to stay in Paris?

"It was more than just staying at PSG. It was the World Cup in Qatar. It was many things around these things. It was a big decision, difficult decision ... but I don't regret anything," said Mbappé.

"Of course, in a career, you have to take difficult decisions and it's what I did, but I became the all-time top scorer with PSG. I just want to remember the best things ... It was not an easy situation and I wish nobody to live that."

Real Madrid, uma história de sucesso

Real Madrid has long had a history of having some of the game's biggest superstars in its ranks. The 2000-06 Galácticos squad boasted the likes of Zinedine Zidane, Ronaldo Nazário, Luís Figo and David Beckham, before the second incarnation came in 2009 in the form of record-breaking signings Cristiano Ronaldo and Kaká – not to mention signing a young Karim Benzema from

Lyon.

The young Frenchman seems to have been earmarked as the player to headline a new wave of star power alongside the likes of Vinícius Jr. and Jude Bellingham.
