What is the all-time money list?

The all-time money list consists of the top 25 players in the world that have won the most money cumulatively from tournament poker in the history of the game, according to The Hendon Mob. The list does not take into account earnings won via cash games and other non-tournament formats, nor does it include online poker tournaments.

Therefore, our all-time money list shows the biggest poker winners in live tournament history.

What is the biggest ever win in a live poker tournament?

Antonio Esfandiari -R\$18.35 million

The biggest live tournament poker win in history is Antonio Esfandiari's victory in the 2012 WSOP Big One for One Drop. Beating a total field of 48 entrants, Esfandiari won overR\$18 million from one single tournament.

Since Esfandiari's win in the inaugural One Drop tournament, the buy-in has fluctuated betweenR\$1 million andR\$100,000. In 2024, the tournament was held in Monte-Carlo, meaning the buy-in was €1 million. The Big One for One Drop was held annually until 2024. After the WSOP's return from COVID, it has been held in a smaller-buy-in format. It's been won by other notable players - Justin Bonomo for one, winningR\$10 million in 2024 that heavily contributed to his strong ranking in the all-time money list.

Are the biggest tournament winners the best poker players in the world?

The biggest poker tournament winners, those included on the all-time money list, are for the most part also some of the best poker players in the world.

However, being

top of the all-time money list doesn't always mean that that player is the best in the world. With the list being cumulative, the rankings purely take into account money won

and not other relevant factors that 2 might better measure the quality of the player, such as average money won per tournament entered. A billionaire could enter 2 every high-roller possible and eventually be top of the all-time money list from this relentless buy-in strategy - even if 2 they have a heavy disadvantage in every field.

That being said, the players you'll see on this list are generally considered 2 to be some of the best poker players in the world. The high-stakes-live tournament scene is an elite level of 2 poker, and due to its exceptional competitiveness, only those few who are already infinitely rich or who are good enough 2 to compete at the highest level play these stakes.

Find out more information on how to make money playing poker, who 2 the richest poker players in the world are and how to get started and play real money poker yourself.

James Baldwin: El gran escritor afroamericano y su relación con el cine

James Baldwin, el notable escritor afroamericano, no era fanático de la película "El exorcista". Según Baldwin, la película era un "error garish" que no abordaba adecuadamente el tema del diablo en la vida real. Sin embargo, Baldwin no era un crítico oportunista, sino un cinéfilo apasionado que descubrió el cine mucho antes de los libros. Su amor por el cine comenzó cuando era niño en Harlem, donde una maestra lo llevó al cine. Desde entonces, Baldwin fue a ver películas tan diversas como "El halcón maltés" y "A menudo siento...", una película de 1959 que trata sobre una violación y un linchamiento.

Baldwin y las películas sobre raza y America

En su libro "El diablo encuentra trabajo", Baldwin menciona alrededor de 60 películas que están entrelazadas con historias de su vida y sus pensamientos sobre la raza y América. Ofrece una mirada única sobre la teoría de la "personalidad de escape" de Margaret Farrand Thorp, quien afirmó que el público de la edad de oro veía su reflejo en las estrellas de cine. "Nadie convierte su personalidad de escape en negra", escribió Baldwin.

La relación de Baldwin con Hollywood

A pesar de su relación mixta con la industria cinematográfica, Baldwin "anhelaba" la fama y la exposición que solo Hollywood podía ofrecer. Incluso propuso una idea de película a Ingmar Bergman durante una entrevista en 1960 sobre una película que trataría sobre esclavos, la esclavitud y la historia negra en Estados Unidos. Sin embargo, como muchos de los proyectos de Baldwin, la película nunca se hizo.

El legado de Baldwin en el cine

Aunque solo una de las novelas de Baldwin fue adaptada para la pantalla grande en su LPM, el cineasta francés Robert Guédiguian adaptó "Donde está el corazón" en 1998. El escritor y director Barry Jenkins, quien adaptó "Si Beale Street podría hablar", dijo que Baldwin era un "extraordinario crítico de cine" y que entendía plenamente la forma cinematográfica.
