We would like to take this opportunity to introduce you to the Western States Utility Theft Association. This regional group was founded in 1987 as Western States Energy Theft Association (WSETA) with the intent to bring utility companies together from the Western United States. In 2001 the name was changed to Western States Utility Theft Association. Our mission is to identify measures to protect our companies from revenue losses associated with unauthorized use of service. Each year, WSUTA hosts a conference where revenue protection professionals may learn about and share perspectives on the issues faced by our membership. Vendors aligned with our mission proudly display the latest technology and services and provide options for consideration in the pursuit of reducing theft of utility service. Attention Revenue Assurance Professionals! The Western States Utility Theft Association Conference has been scheduled for September 25 - 28, 2024 in Ontario, California. Please go to Conference Information for details. WSUTA consists of officers who are elected by the WSUTA members at the annual conference. Membership in the organization requires only that an interested member be a utility employee whose principle activity involves recovery and/or the protection of revenues. A Board of Advisors made up of former officers provides guidance and assistance in coordinating the annual conference. The utility industry has become very dynamic. The issue of competition among utilities around the world is a reality. Utilities that were once closely regulated or controlled by the government are now becoming deregulated and privately owned. The added value of protecting against the loss of diminishing profits from unauthorized use of the utility's service is becoming a higher priority. The ability to accomplish this objective with the highest efficiency and cost effectiveness is our goal. The Western States Utility Theft Association is a not for profit, professional association comprised of western US utility representatives with a mission of developing and supporting an ongoing effort to combat revenue loss through utility diversion, thereby reducing the unfair financial burden placed on other utility customers and stakeholders. WSUTA Revenue Protection Professional of the Year. We are seeking to recognize revenue protection personnel within the utilities for their outstanding dedication and service in the field of Revenue Protection which have contributed to the success of your program in your company. WSUTA works closely with the International Utility Revenue Protection Association. IURPA represents a vast resource

of remarkable people with valuable information. We congratulate our members and vendors for making WSUTA the success it has become and welcome our new members and vendors to participate in the growth and prosperity of the Western States Utility Theft Association and the International Utilities Revenue Protection Association.

Kitesurfing en Colombia: Una Nueva Oportunidad para la Comunidad Wayú

Vinieron de todas partes del mundo a la península de La Guajira, Colombia, para aprender kitesurfing con Beto Gómez, el único kitesurfista profesional wayú del mundo. La zona, conocida como el cabo de La Vela, es ideal para la práctica de este deporte debido a su temporada de vientos de nueve meses y sus olas planas.

El Arribo del Kitesurfing al Cabo de La Vela

El kitesurfing no es originario de la región ni de la comunidad wayú, la cual es gobernada por la etnia wayú. Sin embargo, este deporte llegó al cabo de La Vela hace casi dos décadas gracias a visitantes extranjeros. No todos en la comunidad han aceptado con los brazos abiertos a un deporte que ha traído crecimiento y cambio. No obstante, el kitesurf ha convertido al cabo de La Vela en un destino cada vez más popular y ha brindado a la familia de Gómez una fuente de ingresos más allá de la pesca y la artesanía.

Beto Gómez: Un Orgullo Wayú

Gómez, de 24 años, se convirtió en el único kitesurfista profesional wayú del mundo y ha encontrado en este deporte una oportunidad de crecimiento y desarrollo para sí mismo y su comunidad. Su escuela de kitesurf, ubicada en el cabo de La Vela, es prueba de que el kitesurfing puede ser una actividad inclusiva y enriquecedora para la comunidad wayú.

El Impacto del Kitesurfing en la Comunidad Wayú

Aunque algunos residentes consideran que la mayor cantidad de visitantes se ha traducido en más alcohol, drogas y fiestas, otros ven en el kitesurfing una oportunidad de crecimiento y desarrollo para la comunidad wayú. La familia de Gómez, por ejemplo, ha encontrado en este deporte una fuente de ingresos y una forma de promocionar su cultura y lengua.
