Four Colors

Share

Four Colors lets you play the popular card game for free in your web browser. The aim of the 2 game is to be the first player with no cards, similar to other Crazy Eights style card games. Play a 2 game like UNO in multiplayer with 2, 3, or 4 players.

How to Play Four Colors

There are various strategies you can use to maximize your chances of winning at this multiplayer UNO-inspired game. The main principle is to get rid of all your cards before everyone else. You can do that by matching the color or number of the card placed down before yours. If you don't have a playable card, you must draw cards from the pile until you do.

When you have one card left, press the "1" button, otherwise you will be punished with two penalty cards!

Number cards

There are

2 108 cards and four colors in total. Number cards make up 70% of the total deck, with four colors each containing 19 cards. The cards span from numbers 0-9. As for the quantity of each card, there is one zero card, and two of every other number. The remaining 30% of cards are called action cards and wild cards.

Action cards

Action

2 cards add an extra level of strategy to UNO. There are three action card types in an UNO deck. There are two of each action card in each color. These are:

Skip card - the

next player in the sequence misses a turn.

Reverse - reverses the direction of play.

Draw two - the next player draws two cards and misses one turn.

Wild 2 cards

There

are two types of wild card with four of each one. They are:

Wild - lets the player

choose what 2 color to play.

Wild draw 4 - declare the next color to match, and force the

next player to draw four 2 cards.

Games Similar to UNO on CrazyGames
