Murder

If

you love TV shows on royalty and deceit, you will love the Murder game on the Poki online platform. It's a simple game that involves you taking out the king and claiming the throne for yourself. It is played like the traditional Daruma game from Japan.

You

charge up your knife slowly and ensure the king doesn't notice your attempt to murder them. However, the king keeps looking back, so make sure you let go of the knife when he does.

6. Bubble Trouble

Bubble Trouble involves you playing as a demon while wearing some of the most pre-2010 fashion. I mean, look at the glasses and the black coat. That just gives an extreme Flash game vibe. Its history is rooted in the humble Android Play Store, and it returns as a classic to the Poki platform.

You

essentially have to pop bubbles using your rope gun and ensure you don't get hit by them. Later levels make it a chaotic experience and will help you kill time. Check it out and add some chaos to your life.

7. Stickman Hook

One of my

favorites on Poki, Stickman Hook, instructs you to control a stickman shaped like a ball across various levels. While that would've been easy, you hook and swing to the finish line. There are various points spread throughout the map that you must balance to get to the end.

If you want to play Spider-Man 2 but don't own a PlayStation 5, you can give this a try. Jokes apart, look at Stickman Hook and tell us if you had fun with it.
