Why is Tipico the first choice for so many sports fans in Germany? Because we love sports. Because we believe in progress. And because we love the work that we do every day. The Tipico Group's IT teams release hundreds of new developments every month, continuously improving the individual services and applications. In doing so, they work with cutting-edge technology aided by artificial intelligence. The technology we use enhances the betting experience and makes sports betting safer. This is how we have been continuously redefining the standards of sports betting since the time of our formation, and we see ourselves as a provider that never ceases to become even better.

Our constant continuous development takes place in a highly emotional environment, because Tipico is the direct link between fans and their favorite sports. With our product, we strengthen emotions and passion. We place sports fans at the center of the action. We maximise Spannung!

Up to eight million bets are placed with

Tipico on any given Bundesliga match day. At peak times, we process up to 10,000 betting slips a minute. This enormous number of bets received represents a huge challenge for our IT infrastructure. On any given Bundesliga Saturday, there are more computing operations and database transactions (more than 15 billion) executed via our IT-systems than are performed by EUREX, one of the world's largest financial derivatives futures exchanges. However, at Tipico, IT is not merely about using enormous computing power, but also about innovation and creativity as well. The customer and their desire for the best-possible product experience, drives us on to constantly advance the development of our products and services and make them better.

So much trust calls for responsibility, which is something we assume each and every day. Safety and player protection are an integral part of our product promise. Our player protection concept and the measures derived from it, are based on scientific models. This enables us to offer every customer precisely that level of protection they require to safely use the services in question.

Tipico is an internationally operating gaming provider, with offerings in locally regulated markets. We are a reliable counterpart to regulatory authorities, politics, federations and sports. Alongside the continual reviews conducted by the relevant supervisory authorities, the Tipico Group also arranges for independent institutions to regularly audit all its relevant corporate divisions and to review the standards it has defined for itself.

Tipico has

been a byword for safe sports betting services all the way back to 2004, over which time it has transformed itself from a small, innovative bookmaker, into an internationally active group of companies. The Tipico Group employs more than 1,800 employees at its headquarters in St. Julian's in Malta, together with its worldwide subsidiaries. The affiliated franchise network in Germany and Austria employs more than 6,000 people, all working on delivering an innovative and holistic entertainment service. U.S. sports fans can now also place their bets with Tipico. To this end, Tipico established a permanent location at Hoboken, New Jersey in 2024, and found a strong partner in Ocean Casino and Resort of Atlantic City. The products and services currently available in the USA are regulated by the New Jersey Division of Gaming Enforcement.

We love sports and we want to offer our customers the perfect sports experience. We act responsibly, advocate fair play and we enhance emotions and passion. We maximise Spannung!

Tipico: The home of sports betting for Germany.

### **Paciência pedida por técnico de Corinthians com Wesley**

Antônio Oliveira, treinador do Corinthians, solicitó calma a los aficionados y periodistas en cuanto al rendimiento de Wesley, extremo del equipo, quien no tuvo una buena actuación en el empate del equipo con Atlético-MG. El entrenador argumentó que el jugador necesita no solo mejorar dentro del campo, sino también en el aspecto comportamental.

El técnico espera que Wesley siga en el Corinthians por un tiempo más, para que pueda alcanzar la madurez dentro y fuera de la cancha. El jugador subió al equipo profesional la temporada pasada y se ha afianzado en el equipo principal.

Según la Gazeta Esportiva, el comportamiento de Wesley ha generado preocupación en el club desde la temporada pasada, cuando fue promovido. El atacante siempre ha sido visto como un talento indiscutible, pero necesitaba madurar mentalmente para tener una carrera larga en el fútbol profesional.

En la temporada actual, Wesley ha marcado dos goles y una asistencia en 16 partidos jugados. El extremo ha sido uno de los principales destacados del equipo desde que Antonio Oliveira llegó al club. No es de extrañar que clubes extranjeros hayan mostrado interés en contar con el atacante, mientras que el Timão adopta el discurso de no querer negociar a uno de sus activos más grandes en el momento.

Para el equipo profesional del Corinthians, Wesley ha jugado 55 partidos (24 como titular) y ha anotado 4 goles.
