Basics of Texas Hold 'em Poker

There are a few basic rules for Texas Hold 'em. The game is typically played with two to ten players, using a standard deck of 52 cards. The objective is to make the best possible five-card hand, using any combination of the player's two-hole cards and the five community cards. The game is divided into four rounds after which the player wins the pot.

How to Play Texas Hold 'Em

The main goal in Texas Hold 'em is to win the pot, which is the sum of all the bets that have been placed during the hand. The pot is won by either having the best hand at the end of the final betting round or by forcing all other players to fold by betting more than they are willing to risk.

The game is played with a dealer and up to ten players. Each player is dealt two cards face down, which are known as your "hole cards". Then, the dealer will deal three community cards face up in the middle of the table. These are known as the "flop".

After the flop, there is another round of betting, and then the dealer will deal one or more community card(s), known as the "turn". Again, there is a round of betting, and then the dealer will deal one final community card, known as the "river". The last round of betting ensues! In order to win, players must either have the best hand or bluff their way to victory.
