Omaha Poker

Omaha poker is an exciting game derived from Texas Hold'em. Each player is
dealt four private cards ('hole cards') which belong only to that player. Five
community cards are dealt face-up on the 'board'. In Omaha games, all players use
exactly three of the community cards together with exactly two of their hole cards to
make the best five-card poker hand. No more, and no less. Follow this link to view the
rankings of Omaha poker hands.

Types of Omaha Poker Games

Pot Limit Omaha Poker - A

player can bet what is in the pot (i.e.R\$100 into aR\$100 pot). This is the most popular
form of Omaha Poker.

any amount, up to all of their chips.

- A player can bet any amount, up to all of their

chips. Fixed Limit Omaha Poker - There is a specific betting limit applied in each game
and on each round of betting.

Below is a general explanation on how to play Omaha

poker. The basic rules for all Omaha variants are the same, with the exception of the
different betting structures between them. More details on these different betting
structures follow.

How to Play Omaha Poker

Basic Strategies

In Pot Limit and No Limit

Omaha games, the games are referred to by the size of their blinds (for example,
aR\$1/\$2 Omaha game has a small blind ofR\$1 and a big blind ofR\$2).

Betting then

commences from the player to the left of the big blind. In Fixed Limit Omaha games, the
big blind is the same as the small bet, and the small blind is typically half of the
size of the big blind, but may be larger depending on the stakes. For example, in
aR\$2/\$4 Limit game the small blind isR\$1 and the big blind isR\$2. In aR\$15/\$30 Limit
game, the small blind isR\$10 and the big blind isR\$15. Now, each player is dealt their
four hole cards. Betting action proceeds clockwise around the table, starting with the

player 'under the gun' (immediately clockwise from the big blind).

Pre-Flop

After

seeing his or her hole cards, each player now has the option to play his or her hand by calling or raising the big blind. The action begins to the left of the big blind, which is considered a 'live' bet on this round. That player has the option to fold, call or raise. For example, if the big blind was R\$2, it would cost R\$2 to call, or at least R\$4 to raise. Action then proceeds clockwise around the table. Note: The betting structure varies with different variations of the game. Explanations of the betting action in Limit Omaha, No Limit Omaha, and Pot Limit Omaha can be found below. Betting continues on each betting round until all active players (who have not folded) have placed equal bets in the pot.

The Flop

After the first round of betting is complete, the 'flop' is dealt face-up on the board. The flop is the first three community cards available to all active players. Play begins with the active player immediately clockwise from the button. Another round of betting ensues. In Fixed Limit Omaha, all bets and raises occur in increments of the small bet (for example, R\$2 in a R\$2/\$4 game).

The Turn

When

betting action is completed for the flop round, the 'turn' is dealt face-up on the board. The turn is the fourth community card in an Omaha game. Play begins with the active player immediately clockwise from the button. Another round of betting ensues.

In Fixed Limit Omaha, bets and raises on the turn are in increments of the big bet (for example, R\$4 in a R\$2/\$4 game).

The River

When betting action is completed for the turn

round, the 'river' is dealt face-up on the board. The river is the fifth and final community card in Omaha poker. The final round of betting begins with the active player immediately clockwise from the button.

The Showdown

If there is more than one remaining

player when the final betting round is complete, the last person to bet or raise shows their cards, unless there was no bet on the final round in which case the player immediately clockwise from the button shows their cards first. The player with the best five-card hand wins the pot. Remember: in Omaha, players must use two and only two of their four hole cards in combination with exactly three of the cards from the board. In the event of identical hands, the pot will be equally divided between the players with the best hands. After the pot is awarded, a new Omaha poker game is ready to be played. The button now moves clockwise to the next player. If you like to play tournament poker, we offer Omaha tournaments as well.

Pot Limit, No Limit, Fixed Limit Omaha

Omaha

rules remain the same for Fixed Limit, No Limit and Pot Limit poker games, with a few exceptions:

Pot Limit Omaha

The minimum bet in Pot Limit Omaha is the same as the size of the big blind, but players can always bet up to the size of the pot.

Minimum raise:

The raise amount must be at least as much as the previous bet or raise in the same round. As an example, if the first player to act bets R\$5 then the second player must raise a minimum of R\$5 (total bet of R\$10).

Maximum raise: The size of the pot, which is

defined as the total of the active pot, plus all bets on the table, plus the amount the active player must first call before raising.

Example: If the size of the pot is R\$100,

and there is no previous action on a particular betting round, a player may bet a maximum of R\$100. After that bet, the action moves to the next player clockwise. That player can either fold, call R\$100, or raise any amount between the minimum (\$100 more) and the maximum. The maximum bet in this case is R\$400 - the raiser would first call R\$100, bringing the pot size to R\$300, and then raise R\$300 more, making a total bet of R\$400.

In Pot Limit Omaha, there is no 'cap' on the number of raises allowed.

The minimum bet in No

Limit Omaha is the same as the size of the big blind, but players can always bet as much more as they want, up to all of their chips.

Minimum raise: In No Limit Omaha, the

raise amount must be at least as much as the previous bet or raise in the same round.

As an example, if the first player to act bets R\$5 then the second player must raise a minimum of R\$5 (total bet of R\$10).

Maximum raise: The size of your stack (your chips on the table).

Betting in Fixed Limit Omaha is in pre-determined,

structured amounts. Pre-flop and on the flop, all bets and raises are of the same amount as the big blind. On the turn and the river, the size of all bets and raises

doubles. In Limit Omaha, up to four bets are allowed per player during each betting round. This includes a (1) bet, (2) raise, (3) re-raise, and (4) cap (final raise).

In

the PokerStars software, it's not possible to bet less than the minimum or more than the maximum. The bet slider and bet window will only allow you to bet amounts within the allowed thresholds.

Omaha Hi/Lo (aka Omaha 8-or-better, Omaha 8, or Omaha/8)

In

addition to Omaha poker, PokerStars also offers the popular variant of Omaha Hi/Lo. This version of Omaha splits the pot between the highest and lowest poker hands, giving the game a whole different feel.
