BF games aren't exactly famous, but they are keeping a fairly regular release schedule, and we most certainly don't mind reviewing their latest releases. In this review, we'll take a closer look at their game called Fiery Slots, which comes with a 5x4 setup and 40 paylines.

Thematically, Fiery Slots takes place in a volcano setting, but its symbols are actually all about fruits. It's hardly a spectacle, though we do have to point out that the game's designs come with a lot of polish, and that it certainly took some hard work to make the package look this pleasant. It's just that there's nothing original in the mix here, and that might disappoint some players.

Mathematically speaking, Fiery Slots is a medium volatility slot, and, even though there's no official word on its jackpot, wins as high as 1,000x your bet are definitely possible. While casual players can dip in for stakes as low as £0.10 per spin, the slot's max bet stands at £15 per spin. Finally, we also have to add that Fiery Slots comes with RTP ranges, and that the available values are 92.02%, 94.03%, and 96.02%.
