Aprenda as melhores estratégias e dicas para jogar roleta online no Brasil

A roleta é um dos jogos de casino mais populares e emocionantes de todos os tempos. No entanto, se você é novo neste mundo, é importante entender como funcionam as diferentes apostas e quais delas são mais seguras. Neste artigo, vamos explorar as probabilidades, as diferentes cas e as estratégias de roleta online no Brasil para te ajudar a começar.

As apostas externas têm os menores riscos

As apostas externas na roleta têm os menores riscos e oferecem as perspectivas de longo prazo mais bem-sucedidas. Essas apostas incluem: Vermelho, Preto, Par, Ímpar, 1-18 e 19-36. Eles cobrem mais números, mas os pagamentos são mais baixos, geralmente 1:1.

Estratégia de roleta Martingale

A estratégia de roleta Martingale é uma abordagem clássica que envolve dobrar casino online roulette aposta a cada vez que você perde. Dessa forma, você garante que recuperará todas as perdas e obterá um lucro quando finalmente ganhar uma aposta.

Como jogar roleta online com segurança no Brasil

- Estude as regras e probabilidades;
- Faça suas apostas nas caixas externas;
- Evite as "apostas nomeadas";
- Gerencie seu orçamento;
- Jogue em casino online roulette sites confiáveis de roleta online.

Online Roulette

Thanks to pop culture, it is impossible to imagine a casino without a crowd around a roulette table watching the roulette ball with bated breath. It's make or break, the pinnacle of the casino experience.

With King Casino's expansive selection

6 of roulette games, you will have no problem recreating this excitement with the chance to win real money. Roulette is a simple table game that can appeal to all – it's fast-paced, and you can play it in a way that suits you.

Whether it's your first time

or you're a casino veteran, this page will provide all the information you need to get playing. We will be covering how to play, the table odds and much more.

Best Online

Roulette Games

There are three variations of classic roulette each with a different betting table: French roulette, American and European roulette.

In addition to classic

roulette, there are many different roulette variations available for those looking to shake up this casino classic.

Below are just a few common variations players can enjoy:

Mini Roulette

Just like it says on the tin, this twist on the classic roulette

has a smaller wheel and fewer numbers – usually 13 numbers, 1-12 and a 0.

Multi-Wheel

Roulette

Again, the name says it all. This is roulette that has multiple wheels, and typically the player can choose how many wheels to bet on, usually up to 8.

3D

Roulette

This is the classic online roulette with upgraded graphics and an engaging 3D display instead of the more basic 2D display typically found in online roulette.

Live

Dealer Roulette

Visit the casino from anywhere in the world! Join a game online at a

table with a dealer spinning the wheel and dropping the white ball live from a real casino, this variation offers a more immersive casino experience, payout odds can vary depending on the game and the betting options chosen.

Play Online Roulette At King

Casino

Here at King Casino, we have an abundance of online casino games with over 40 roulette games available, meaning there's something for everyone. We have a selection of online roulette with RNG technology as well as live roulette streamed from a real casino, so you can find the right one for you.

You are spoiled for choice with games

such as 3D European Roulette, 10p Roulette and Roulette Live, to name a few.

To play

Roulette at King Casino, simply click the 'Join' button at the top-right of the screen and follow the steps to start playing!

How To Play Casino Roulette Online (For Beginners)

Roulette remains one of, if not the most popular casino games as it can be one of the easiest table games to play. It is as simple as placing your bet and spinning the wheel.

There are many different ways to play with a selection of available

bets and differing odds. If you are seeking a potentially bigger payout and willing to face lower odds, then placing inside bets is for you. On the other hand, if you want to play it a bit more safe and accept a smaller possible return on your bet, outside bets could be the way to go.

Types of Roulette Bets

Outside Bets are the bets placed in the 6 boxes outside of the numbers, these have greater odds and lower payouts. These include:

Red or Black – 1:1 payout

Odd or 6 Even – 1:1 payout

High (1-18) or Low (19-36)

– 1:1 payout

Column – 2:1 payout

Dozen – 2:1 payout

Inside Bets are placed 6 on the

numbers, these have lower odds but may provide larger payouts on winning spins. These include:

Six Line: 6 adjacent 6 numbers – 5:1 payout

Corner: 4 adjacent numbers – 8:1

payout

Street: 3 vertical numbers – 11:1 payout

Split: 2 adjacent numbers – 6 11:1

payout

Straight Up: Bet on only 1 number – 35:1 payout

The different bets allow you to

play roulette your way, 6 making this the perfect game for beginners looking to dip their toes into online casinos as well as players with 6 a high-risk, high reward attitude. A simple game that can accommodate any player, it's no wonder roulette has withstood the 6 test of time.

Online Roulette Gameplay and Wheel Layout

Unlike slot games, the Roulette

game layout is almost the same for all 6 variants. It's better to understand the layout of the wheel and table before the gameplay:

Roulette Online Wheel Layout

As mentioned

earlier, 6 online Roulette has three significant variants: French, American and European and their wheel layout slightly differs. The American roulette wheel 6 has 38 pockets that include numbers from 1 – 36 plus 0 and 00. However, European and French Roulette wheels 6 have 37 pockets, excluding the 00.

Roulette Online Table Layout

The variation of

colours and numbers may seem complex at first, but 6 they are pretty easy to understand.

The extra 00 in American Roulette gave it a higher house edge despite the 6 payout on the game being paid per 36 numbers. Whereas European and French Roulette has a lower house edge as 6 they exclude the 00 pocket on the wheel.

Virtual Roulette Gameplay

Online

Roulette is vastly played worldwide because of its simple gameplay, 6 and here is how the casino game works:

The first step is to choose a licensed online casino with an

adequate 6 Roulette collection. Click on the game, and you can place the bets by moving

the chips on the desired bet. 6 The wheel will spin automatically, and the ball will

decide your fate. If the ball lands on one of your 6 chosen numbers, you get a payout; if

not, better luck next time. Next, you can either change the bet or 6 spin the wheel with

the same bet. You can keep playing the game as long as you want.

Online Roulette Games

6 For Everybody

The differences between the 3 main versions of roulette (American, European & French) are subtle and provide a slightly different playing experience, but this largely comes down to personal preference.

American roulette wheel with the numbers 1-36, 0 and 00 on it. It has a house edge of 5.26%.

European roulette wheel

with the numbers 1-36 and only one 0 on it. It has a house edge of 2.70%.

French

roulette, like European roulette, has a wheel with only the one 0 on it. However, this version can also include the "La Partage" or "En Prison" rules. The house edge of French roulette is the same as European roulette but changes to 1.35% when the La Partage rule applies.

La Partage: if the ball lands on 0, you get half your bet back – in American or European, the player loses their bet (the default rule for French roulette).

if the ball lands on 0, you get half your bet back – in American or

European, the player loses their bet (the default rule for French roulette). En Prison:

if the ball lands on 0, then chips are kept aside (in prison), and if you win the next spin, then you get them back; if you lose, then they are lost.

These rules only apply

to even-money bets. Check which of these rules are in effect before playing.

American

Roulette Odds

Bet Odds Red / Black / Odd / Even / High / Low 47.37% Column / 6 Dozen

31.58% Six Line 15.79% Corner 10.53% Street 7.89% Split 5.26% Straight Up

2.63%

European Roulette Odds

Bet Odds Red / Black / Odd / Even / High / Low 48.65%

Column / Dozen 32.43% Six Line 16.22% Corner 10.81% Street 8.11% Split 5.41% Straight

Up 2.70%

American Vs European Roulette: Which Should You Play?

The significant

difference between European and American Roulette is their wheel layout; the latter include 00, whereas the former has only one 0 pocket. Players may think that choosing the right wheel may affect their winning odds in the long run, but in reality, there is no particular reason for preferring one over another.

Even though the 00 pocket may

seem like it would increase your payout, all it does is decrease your winning odds. One aspect where the European Roulette takes the lead on American Roulette is its En Prison rule that lets the players imprison their bet that may win their chips back over the next turn. Overall, there is no such thing that playing with a particular wheel can increase your winning chances on Roulette. It's a luck-based casino game generated on RNG technology.

Play Roulette With Real Dealers

While online casinos have become

increasingly popular, it lacks the same atmosphere and social experience that a real casino provides for some. This is where live roulette comes in; the convenience of online meets the social aspect of in person.

Streamed from a real casino with a dealer

spinning the wheel and dropping the ball in real-time, live roulette offers a bustling atmosphere and allows for a more immersive experience.

There are plenty of live

roulette games available on King Casino, such as Kensington Roulette and Grand

Roulette.

Roulette Strategies & Tips

There are no strategies that can increase your winning chances on online or offline Roulette; however, certain betting models are available. You can choose any of these betting systems and plan your gameplay accordingly:

Martingale: In this betting model, players only lose even money bets.

Players double their chances on every loss, and with this betting system, players rarely lose their entire bankroll.

In this betting model, players only lose even money

bets. Players double their chances on every loss, and with this betting system, players rarely lose their entire bankroll.

Labouchere: In this betting system, players decide a winning amount and change it according to the outcome. However, this betting model may predict the future, but it eliminates losing chances by allowing players to evaluate the number they need to reach their target.

E-mail:*

A razão pela qual Rishi Sunak surpreendeu a nação, e o que meu antigo colega Alan Watkins costumava chamar de "classe tagarela", ao pedir uma eleição antecipada é porque Sunak (Sun) e seu chanceler Jeremy Hunt aparentemente decidiram fazer com as coisas só piores.

Com baixos números de inflação – finalmente - e a possibilidade do corte nas taxas, os dois têm falado da economia como se não houvesse amanhã.

Infelizmente para eles, e de fato também por nós outros a menos que o impulso da política econômica mude.

E-

Amanhã infeliz, como nos lembraram a Organização para Cooperação e Desenvolvimento Econômico (OCDE) do Fundo Monetário Internacional. De acordo com as regras fiscais atuais o potencial é de cortes mais selvagens gastos sobre serviços essenciais ou aumentos sérios dos impostos [em uma nota leve: não resisto ao relato que os regulamentos orçamentais da corrida têm sido pouco bem na Irlanda recentemente].]

No entanto, este é um momento que você só tem de olhar para fora da janela e ver se a infra-estrutura do país está muito pobre forma. E os sinais sombrios na pobreza não estão longe disso preciso mencionar o dinheiro necessário pra reduzir as pressões sobre NHS (sistema nacional público) e fazer com nossos rios seguros contra negligência perpetrada pelas empresas privatizadas das águas Como Lord Kinnock observou lamentavelmente numa recente entrevista à imprensa: "inventaram água limpa" 19 anos atrás!

Kinnock pensa que o Partido Trabalhista vai ganhar, mas adverte contra a complacência. Afinal de contas durante grande parte da abordagem para as eleições 1992 - os trabalhistas sob liderança estavam à frente nas pesquisas – com chances 6-1 em,

No dia anterior à eleição, eles perderam.

Os conservadores e imprensa cativa fizeram muito da "bomba de impostos do Partido Trabalhista" nessa campanha. Na verdade, os aumentos prometido pelo chanceler das sombras John Smith foram uma tentativa honesta para demonstrar responsabilidade fiscal demonstrando que alguns ganhos digno gastos públicos seriam pagos por isso...

Esse sucesso dos conservadores com a "bomba de impostos" tem marcado desde então o enfoque do Partido Trabalhista nas eleições.

O quadro econômico geral agora deve ser um presente para o Partido Trabalhista. Eles podem fazer campanha cerca de 14 anos Tory desperdiçados - cinco Anos da austeridade sob a coalizão Conservador-Liberal Democrata 2010-15 e nove no âmbito do referendo Brexit imprudente, bem como suas consequências”.

O fato é que Starmer estava certo sobre o Brexit e Boris Johnson, seus parceiros neste desastre político histórico estavam errados. Agora seu desejo equivocado de apaziguar os eleitores trabalhistas enganado por propaganda pró-Brexit - assim decepcionante até mesmo alienante – natural apoiadores...

ad absurdum

Quando perguntado na "seria a adesão ao mercado único impulsionar o crescimento econômico?", Starmer respondeu que não. Como até mesmo os conservadores e vezes

O colunista Daniel Finkelstein comentou: "[Isso] não é verdade e ele também nem acredita".

skip promoção newsletter passado

após a promoção da newsletter;

Starmer tem uma grande oportunidade aqui. Ele saberá que as decisões tomadas logo no início de um parlamento importam enormemente

Meu velho amigo Lord Heseltine alertou que esta será uma campanha eleitoral mais desonesta,

com os dois principais partidos "tentando evitar a questão fundamental subjacente ao nosso mal-estar econômico - Brexit".

O Starmer tem uma grande oportunidade aqui. Ele saberá que as decisões tomadas no início de um novo parlamento importam muito, Harold Wilson é seu herói e o erro do presidente foi descartar a desvalorização necessária da libra quando ele foi eleito em 1964; esse engano arruinou a liderança levando à medidas inflacionárias forçadamente impostas para humilhar definitivamente os mercados induzido por essa depreciação desde 1967!

Se Starmer ganhar, ele teria a oportunidade de anunciar o início da abordagem para um retorno à união aduaneira e ao mercado único que lhe dará uma chance justa de aumentar os espíritos animais dos empresários.

Falei com operadores nos mercados financeiros que acreditam tal passo seria realmente bom para a confiança e, sim, crescimento".

Uma abordagem mais a longo prazo do problema fiscal seria essencial para o Partido Trabalhista alcançar um programa de investimento orientado ao crescimento. A ideia consistiria em construir investimentos muito necessários no setor público, que também encorajariam os investidores privados e as atuais regras fiscais restritivas não menos uma autoridade como foi revelado pelo ex-funcionário superior da Fazenda Lord Macpherson na edição deste ano Financial Times

Na última sexta-feira: "Sempre aconselhei os chanceleres para não se deixarem hipnotizar por tais regras. Eles vêm e vão."
