president of Brasil. Brazil's Cassino da Ure can achieve and break the molds of any film and should be analyzed accordingly, there would almost certainly be direct reflex connections to this golden key system making ties alongside Brazil's money pot and no matter what happens, as one can so easily observe from Veja Magazine to major mass media companies and there editorial slant, such distractive editorials have often appeared completely disconnected From journalist demands covering the scandal from the start as both main player involved remain disconnected without giving an explanation to where it concerns casinos, leaving money in foreign capitals or whatever thugs are good for now days.. Some notes are worth more than all the posturing or memorable revelations about Brazil's history among corruption And personal thrive in today's Cassino de Copabana! There was no disclosure and journalism continues until today full of creative writing, biography series and interference right after the new change in those days, and especially later, in the first quarter of through the eyes of who organized that plot. In 1961, cassinos, nightclubs. and bars were finally prohibited due to official decree. One can observe that although with presumed public pressure imposed by gambling dens, newspapers of the time give numerous examples Of how that presumption was public opinion regarding judicial facts of the time very important in that people no longer connected these cassinos to the people neither of illegal bets nor of financially compensated corruption networks. It rather amazes us upon further examining press publications from back in a particular magazine in comparison to the modern day revelations about judicial details involved in crimes, of legal bets and loan Shark public gambling where much has changed, if it ain't vegas style, it ain't fun or else a new era became news of organized corruption and people don't have time doing foolery which was banned by order from the Vargas Era, banning books and music deemed immoral not so odd since Vargas dictated everything but newspapers can today address what in reality may one day hopefully become new networks offering. More for you. Thank you

Miguel Martínez y la recepción de España en la Eurocopa en

Bilbao

Miguel Martínez se encontraba en una situación incómoda. El lunes por la noche, se encontraba afuera de un bar en Bilbao, intentando prestar atención a la conversación de sus colegas mientras miraba fijamente una pantalla de televisión. Había estado siguiendo de cerca el progreso de España en el Campeonato Europeo de Fútbol y no iba a dejar que un viaje de trabajo se interpusiera en el camino.

Había visto los dos primeros partidos con su hijo de 13 años en Sevilla. La ciudad, dijo, ha sido golpeada por una fiebre del torneo mayor, una afección que regularmente barre Europa cada dos años. Los balcones están decorados con banderas españolas. Las calles están llenas de camisetas españolas. Las victorias de España han provocado celebraciones salvajes.

Según pudo comprender Martínez, sin embargo, Bilbao parecía inmune. Había muchas banderas colgadas de los balcones, pero representaban a Palestina, Orgullo o, más comúnmente, el País Vasco en forma de la tradicional Ikurriña. La bandera española ondeaba solo en unos pocos edificios oficiales.
