Prepare to claim your share of gold Coins and incredible JACKPOTS in the exciting brand-new 777 Coins slot. If you prefer your classic slots with added shine, you'll be left dazzled by this latest 3-reel, 3-row and 5-payline slot smasher.

First off, let's talk about the BONUS SYMBOLS. These are the shiny gold Coins with varying values. There's also the COLLECT SYMBOL depicted by the gold '777' Coin. When a COLLECT SYMBOL lands in combination with two BONUS SYMBOLS, the thrilling HOLD & WIN BONUS round is triggered. You'll get 3 respins on a fresh set of reels where only BONUS and COLLECT SYMBOLS can land. For every new symbol you land, your respin count resets, keeping the excitement going. It's important to note that during this time, the COLLECT SYMBOL stays locked and gathers values from the BONUS SYMBOLS. Once all the visible values are collected, the BONUS SYMBOLS disappear, making way for new ones. And the best part? The BONUS SYMBOLS may land with MINI, MINOR, MAJOR and GRAND JACKPOT values attached. But that's not all! Should you be lucky to score several COLLECT SYMBOLS, they'll take turns collecting all the visible Coin values. All of these will add up to your winning pot. Once the respins end, you'll get the values from the COLLECT SYMBOLS as your final reward! And when it comes to the maximum payout, incredibly lucky players who will land 3 COLLECT SYMBOLS followed by the GRAND JACKPOT SYMBOL of x2,000 will receive the GRAND PRIZE tripled. This means that an impressive x6,000+ the wager payout is within reach in the HOLD & WIN round! Finally, get ready for an extra dose of thrill with the BONUS ACCUM feature! Every time a Coin Symbol appears in the main game, it's added to the meter at the top of the reels. When this meter fills, the HOLD & WIN BONUS round begins. At the start of the round, there are increased chances for the game to shower your screen with an abundance of BONUS SYMBOLS, setting the stage for big wins!

The 777 Coins slot offers an enjoyable gaming adventure, from crispy retro-themed graphics and catchy tunes to the extra exciting HOLD & WIN BONUS game. Step into the action now and witness the magic of 777 Coins as you chase those shimmering JACKPOTS!

Blackjack players using basic strategy lose on average less than 1% of their action over the long run, giving blackjack one of the lowest edges in the casino.

Histórico: los Rockies ganan con la primera violación de reloj de pitcheo en la historia de la MLB

La historia de la Major League Baseball se hizo el sábado cuando los Rockies de Colorado derrotaron a los Nacionales de Washington con la primera victoria por violación de reloj de pitcheo.

Con el juego empatado a 7-7 en la parte baja de la novena entrada, con las bases llenas, un full 3-2 y sin out, el lanzador de los Nacionales, Kyle Finnegan, cometió una violación del reloj de pitcheo, la novena de la temporada.

La violación obligó a la carrera ganadora a cruzar el plato en la bola automática en Coors Field en Denver, dando a los Rockies una victoria de 8-7.

La regla se introdujo antes de la temporada 2024 y dicta que los lanzadores tienen 15 segundos para completar una entrega con las bases vacías y 18 segundos con corredores en base.

"Al principio, no sabía realmente qué llamó porque pensé que estaba justo a tiempo. No lo estaba", dijo Finnegan a los reporteros.

"Así que, se me ocurrió inmediatamente que era tarde. Me sentí terrible por dejar al equipo en ese gran momento allí. Perder el juego de esa manera, simplemente no puede suceder".

Ryan McMahon forzó la base por bolas ganadora con las bases llenas. Según la MLB, fue la cuarta violación del reloj de pitcheo con las bases llenas, pero la primera que había dado como resultado una carrera ganadora.

El manager de los Rockies, Bud Black, le dijo a los reporteros: "¿Qué piensas de eso? Los Rockies y los Nacionales forman parte de la historia".

El manager de los Nacionales, Dave Martínez, lo describió como una "situación difícil", pero dijo que Finnegan tenía que ser "consciente" de tales situaciones.

"Es solo lento, es quién es. Es un cerrador. Le quemó hoy, pero normalmente no le ha quemado", dijo a los reporteros.
