The objective in ROULETTE is to predict the number on which the ball will land by placing one or more bets that cover that particular number. The wheel includes the numbers 1-36 plus a single 0 (or two zeros in American roulette). After the time allotted for betting has expired, the dealer releases the spinning ball within the roulette wheel. The ball will eventually come to rest in one of the numbered pockets within the wheel. You win if you have placed a bet that covers that particular number.
