Safety and Trustworthiness

Any review of a sports betting site must begin with an analysis of safety and trustworthiness. Luckily for 3 Unibet, this is obvious at a glance. As part of the Kindred Group plc., Unibet belongs to a corporate family 3 with revenues in excess of £750 million in 2024. There are over 1000 staff at Unibet, serving some 11 million 3 players across 100 countries worldwide. With these kind of statistics, you know instantly you're dealing with a trustworthy corporate operator 3 – great peace of mind.

Beyond being part of a corporate group of gaming companies, Unibet is also an award winning 3 sportsbook. They've won countless awards over the years, including the coveted 2024 eGaming Review Award for Sports Betting Operator, as 3 well as IGR Awards in 2014 and 2024.

As far as licensing is concerned, Unibet are licensed by the UK Gambling 3 Commission, one of the most reputable regulators in the world, as well as holding a license from Gibraltar Gambling Commissioner. 3 That means two separate regulatory systems for Unibet to operate within – double the regulation, for double player security.

The Unibet 3 site and mobile app benefit from enhanced encryption technologies, designed to keep your personal details safe from even the most 3 organised hack attempt. Robust SSL technology double-locks your account, while payments through trusted third-party processors completes the picture of Unibet 3 as one of the most secure, trustworthy sports betting sites going.

Unibet have their fair share of customer complaints, and you 3 can see these all over the internet. In most industries, this would be an immediate cause for concern. However, gambling 3 and betting operators frequently attract the ire of losing or disgruntled players, so it's hard to read too much into 3 these complaints.

While it does seem like there may be some issues dealing with customer support, the majority of these claims 3 seem baseless, or to have more straightforward explanations than their 1-star reviews would let on.

With over 11

million customers, you'd 3 expect some to be unhappy – even a 99.99% customer satisfaction rate leaves a lot of angry reviewers. In spite 3 of these complaints, Unibet

does enjoy customer loyalty in the vast majority of cases, so it's fair to assume they
3 must be doing something right.
