This game carries the spirit of the original Bomberman games into its gameplay and presentation. You're playing as someone who ends up trapped in a lot of contained spaces filled with a mess of blocks and other threats. The good news is that you're not defenseless, but the bad news is that your tools are as dangerous to you as they are to the blocks and threats around you. You can have a blast, just be careful.

About Bomber

Friends

There's sometimes an odd combination of puzzle, party, and action that appears in certain games. This is one of those games with a stylized and colorful take on the cartoon classic, the round bowling ball bomb. You'll be running around mazes with a view that lets you see where everything is so that you know how to blast your way to the end. It's also about customizing your characters before and during each level to make it your own experience. In some ways, it is a friendly experience, that's bound to blow up your gaming library if you play enough of it.

How to Play

Bomber Friends is a

2D top-down game played with the keyboard. There's currently only one control scheme currently available.

Controls

Up Arrow - Move Up

Down Arrow - Move Down

Left Arrow -

Move Left

Right Arrow - Move Right

A - Place Bomb

B - Taunt

Y - Zoom in/out

You play as

a little humanoid that spawns on one side of an enclosed level. The levels are a mix of unbreakable (solid appearance) and breakable blocks (pattern appearance) arranged throughout. You'll be equipped with bombs that can be placed wherever you're standing

and will explode in a blast that travels Up, down, left, and right. These bombs are used to destroy the breakable blocks and eliminate enemies. The goal of each level is to get rid of all the enemies and escape the area.

The humanoid has several stats

indicated by a Sword, a Heart, a Bomb, a Flame, and a Boot. These relate to your Attack, Health, Capacity, Range, and Speed respectively. You can temporarily improve these stats by collecting the related icons uncovered from blowing up blocks. You can also collect gold bars and gold coins which can be used to buy items like Gems. Outside of levels, Gems can be placed in slots for your different stats to improve them permanently. Just remember to avoid Skull icons as these will curse you.

If you need to

unlock the exit door, you'll need to blow up blocks until you find the key. You can also play the Robot Quest for a sci-fi take that has its own collection of levels that are much larger. There's also a place to customize the appearance of your humanoid to turn them into your vision of what a Bomber Friend looks like.

Tips and Tricks

If

you're unfamiliar with Bomberman, the main thing to keep in mind is the available space and reach of your bombs. When placed, bombs act as obstacles and you can't move past them so be careful not to trap yourself. Try to get in the habit of placing bombs as you retreat.

Resumen: Italia y Croacia se enfrentan en un partido crucial en la Eurocopa

Ni Italia ni Croacia han impresionado hasta ahora en la Eurocopa. Italia concedió un gol después de 23 segundos contra Albania y fue derrotada 1-0 por España, mientras que Croacia mostró una mejoría parcial contra España en una derrota por 3-0, pero permitió un gol en tiempo de descuento contra Albania. Ambos equipos necesitan ganar para avanzar a la siguiente ronda.

Tabla de posiciones del grupo

Posición	Equipo	PJ	GD	Pts
1	España	2	4	6
2	Italia	2	0	3
3	Albania	2	-1	1
4	Croacia	2	-3	1

Croacia necesita ganar para avanzar a la siguiente ronda, ya que es probable que esta sea la última oportunidad para su generación dorada, que ha terminado segunda y tercera en las últimas dos Copas del Mundo y fue subcampeona en la Liga de las Naciones del año pasado. Sin embargo, Croacia nunca ha tenido éxito en los campeonatos europeos: su mejor desempeño fue llegar a los cuartos de final en 2008, donde la celebración de un "gol" en el minuto 119 contra Turquía fue igualada en tiempo de descuento antes de la inevitable pérdida en penales. Por lo tanto, tal vez los campeonatos europeos le deban algo a Croacia.

El campeón defensor Italia también se enfrenta a un peligro real. Un empate será suficiente para que Italia avance a la siguiente ronda, pero una derrota los eliminará si Albania sorprende a España, que ya se ha clasificado como ganadora del grupo y podría relajarse, por lo que nada está fuera de la mesa. Preocupa a los italianos el hecho de que su récord contra Croacia no es bueno: en nueve partidos, solo han ganado una vez, perdiendo tres. Sin embargo, encontrarán aliento en el hecho de que los últimos tres partidos entre los países han terminado 1-1, lo que sería suficiente esta noche. Por lo tanto, con ambos equipos en estados de desesperación, este partido está deliciosamente poised.

¡El partido en Leipzig comienza a las 8pm BST!
