Test out your fortune with this 3-reel slot machine by Microgaming and you might just be in store for some wins worth up to 30,000 credits. Fortuna has 5 paylines and a wild symbol, meaning that spinners will have a decent amount of chances to line up some winning spins. That said, this game is about as simple as they come on the bonus gameplay front with no free spins, no special side games, and no potential to win a progressive jackpot bounty.

Is fortune on your side?

Nothing quite gets us in the mood for a spin of the slots than a game that is themed around the world of mysticism and fortune telling. Admittedly, this Fortuna slot machine by Microgaming is not going to offer the most captivating of mystical spins in the world, but the game might still whet your appetite with its mysterious clairvoyant character and enchanting golden coin symbols. Plus, the game might also appeal to those players who are fans of traditionally themed arcade games with a series of typical slot machine icons such as bright and juicy cherries, a series of BAR symbols and some lucky 7s – coloured in a mystical purple as opposed to the usual red.

As is the case with most 3-reel slot machines, Fortuna doesn't offer up anything particularly mind blowing in the design department. That isn't to say that the game isn't nice to look at, just that it is slightly outdated with its two dimensional symbols and lack of any extra animated action other than the standard spinning action of the reels. Despite this, the slot machine still presents plenty of colour to catch the eye of spinners, which is more than can be said of most other classic style games out there.

Fortune Favours the Brave

Playing the adventure themed Gonzo's Quest slot is very simple. The game is an online video slot and is played over five reels with three rows and features 20 fixed paylines.

Prior to spinning, players need to select what Level they want to play at (1 to 5), plus the coin value. These two numbers will be multiplied together and then multiplied again by 20 (the number

of fixed paylines) to produce your bet per spin. When you are happy with this amount, just press the big green spin icon found centrally at the bottom of the game screen.

The icons will then drop from your screen (rather than the classic "spin") and will show any winning lines. If you do have a winning line, these winning icons will then drop off the reels and allow other icons to fall in their place – which effectively acts as a free spin. What's more, for every consecutive winning payline you get, the game's famous Avalanche Multiplier comes into play. Once you've pressed spin, the first winning line is at the normal x1 multiplier level, but the first lot of replacement icons will have a x2 multiplier. If these are then replaced by more winners, this will increase to a x3 multiplier, while a x5 multiplier comes into effect if you again win.

### **Olor de sangre en el centro de salud de Gaza: "Insoportable"**

El olor a sangre en el servicio de urgencias del hospital de Gaza esta mañana era "insoportable", dijo Karin Huster, asesora médica de Médicos Sin Fronteras en Gaza, en un comunicado. "Hay gente tirada por todas partes, en el suelo, fuera".

El ejército israelí dijo que estaba llevando a cabo operaciones militares "por encima y por debajo del suelo" contra militantes de Hamás en Bureij y la parte este de Deir al-Balah, ambas en el centro de Gaza, y que había "eliminado" a varios.

Hamas también informó de enfrentamientos con las fuerzas israelíes en la zona y dijo el miércoles que había disparado misiles contra las tropas israelíes en el este de Bureij.

"Ahora no hay dónde huir", dijo Hani Ahmed, un profesor y padre de cinco hijos que vive cerca del centro de Bureij, y dijo que dos edificios en su zona habían sido alcanzados.

"Khan Yunis es escombros. Rafah está bajo ataque. El norte está destruido", dijo el Sr. Ahmad. "Quizás lleve a mi familia en mi pequeño autobús y vivamos en la playa, ya que no tengo tienda de campaña. Tenemos miedo".

Mientras continuaba la violencia en Gaza, crecía el debate en Israel sobre la posibilidad de ir a la guerra en Líbano contra los militantes de Hezbollah, que llevan meses intercambiando ataques con las fuerzas israelíes, lo que ha obligado a huir a más de 150.000 personas en ambos lados de la frontera.

Los funcionarios militares israelíes dijeron esta semana que estaban cada vez más frustrados con los ataques de Hezbollah. El miércoles, al menos nueve personas resultaron heridas después de que una explosión alcanzara Hurfeish, un pueblo del norte de Israel, según un responsable del hospital israelí.

"Estamos llegando al punto en que se necesita tomar una decisión, y el ejército israelí está preparado y dispuesto para esa decisión", dijo el teniente general Herzi Halevi, jefe del Estado Mayor del ejército israelí, el martes.
