conteúdo:

This article is for those players who are planning to use a HUD software or already using one. If you are a casual player who is planning to upgrade your poker skills, we suggest you to learn about these underrated Poker HUD stats – WTSD and W\$SD.

WTSD and

W\$SD are the most important stats to consider on the river. These stats help you to decide whether the villain (opponent) is going to the showdown and if he is going to the showdown, what are the chances of him to win the pot. So, without any further delay, let's dive into these vital stats.

What is a WTSD Poker HUD Stats?

WTSD stands

for Went To ShowDown. It will show you at what percentage does a player go to showdowns. If a player's WTSD is high, he is more likely to go to showdowns. And if his stats are low, he is less likely to go to showdowns.

What are Good WTSD HUD Stats?

There are no fixed, ideal WTSD poker stats; it depends a lot on your playing style. 6-max games will have slightly higher stats than full ring games. However, you can assume that anything between 25% and 35% is an ideal WTSD statistics.

Less than

25%: Players with less than 25% WTSD poker stats suggest that they don't go to showdowns quite often. And, when they do, they go to showdowns with only good hands or when they connect with the board. As these players go to showdowns less often, you can raise and force them to fold on the Turn or River.

25% to 35%: You should aim for such

stats. It will make you less exploitable. Always remember that if you are using a HUD on your opponents, your opponents can also have a HUD on you! So, you need to maintain steady WTSD poker stats for yourself so that your opponents don't exploit you.

More

than 35%: These players often go to the showdown and are likely to be calling stations or maniacs. Hence, you should be going to showdowns with such players only when you have the best hand. Your hand has to be stronger than theirs, and you should be value betting more often.

What is a W\$SD Poker HUD Stats?

W\$SD stands for WonR\$ at ShowDown

or Won Money at Showdown. It will show you at what percentage does a player win the pots at showdowns. However, it does not show how much money a player wins at showdowns.

## What are Good W\$SD Poker HUD Stats?

If a player's W\$SD is high, he is more likely to be a skilled/winning player. And if his stats are low, he is more of a losing player. An ideal W\$SD would be somewhere between 45% and 55%. Tight players usually have higher W\$SD stats than loose players.

Less than 45%: Players with a lower W\$SD

stats go to showdown with weak poker hands and lose more pots.

More than 55%: Players

with higher W\$SD stats go to the showdown with strong hands and win more pots.

How to

Use Both WTSD and W\$SD for a Better Analysis?

The best way to get an accurate analysis

is to compare both WTSD and W\$SD stats. Both the stats are inversely correlated. High WTSD usually results in low W\$SD and low WTSD results in high W\$SD.

High WTSD means

that a player goes to showdowns more often with a wide range of hands and ends up losing more pots at showdowns. Hence, he has low W\$SD stats.

On the other hand, low

WTSD poker stats mean that a player seldom goes to showdowns. And, when he does go to showdowns, he goes with a strong hand and wins more pots. Hence, he has high W\$SD stats.

For a reliable read, you need to have data of over 500 hands on your opponent.

Let's Do Some Exercises

You are holding 9 9 and raise to 3X Big Blind (bb)

from middle position. The button calls and everyone else folds. The flop comes 3 T 5. You have the second top pair and decide to c-bet 3X bb. The villain calls.

The

board reads 3 T 5 J on the turn. You decide to check, and the villain also checks.

The board reads 3 T 5 J 9 on the river, which gives you a Three of a Kind.

You bet half the pot but the villain raises twice your bet size.

What will you do in

the same situation against two different types of players?

Player A: VPIP = 18/ PFR =

11/ WTSD = 22/ W\$SD = 67

Player A is definitely a tight-aggressive player who seems to

be having a stronger range. He could be holding 78 or KQ and has hit a straight, or he could be bluffing. Now, is he bluffing?

This is where WTSD and W\$SD stats help you the

most! If we look at his WTSD and W\$SD, you can see that he seldom goes to showdowns but when he does, he wins more pots. He doesn't seem to be a player who bluffs on the river.

Hence, it is better to fold even with your set.

Player B: VPIP = 42/ PFR = 36/ WTSD =

47/ W\$SD = 29

Player B is a loose-aggressive player who enters the pot with a wide

range of hands. Since he called your preflop raise, you can expect him not to have a very strong range. Loose-aggressive players tend to bet when they connect with the board.

When he raised you on the river, you need to analyse his WTSD and W\$SD poker stats. He seems to be going to showdowns more often and losing more pots. As he raised on the river, it looks more like a classic bluff. So, you can call here for a higher probability of catching his bluff.

### Sumário: Reflexões sobre a cozinha mexicana e duas deliciosas receitas

A cozinha mexicana é frequentemente adorada por one week running bet prediction combinação de sabores clássicos: sal, alimentos cremosos, ácido e picante. Neste artigo, exploraremos dois pratos mexicanos deliciosos que exploram esses sabores fundamentais. Além disso, faremos uma breve olhada na história e nas características distintivas da cozinha mexicana.

### Pimentos cremosos con picles de jalapeño

Nossa versão do clássico mexicano "rajas con crema" apresenta pimentões verdes assados, cebola cremosa, alho e uma disputa de queijos deliciosos. Servido com tortilhas moles aquecidas, este prato é uma iguaria que toda a família desfrutará.

### Frango com molho de chipotle e salada de feijão preto

Nossa receita de frango com molho de chipotle é inspirada one week running bet prediction molé,

uma mistura de especiarias e chocolate tradicional do México. A marinada de chipotle manso dá sabor ao frango, servido com arroz, abacate maduro e creme agri-doce, se desejar.

## Sobre a cozinha mexicana

A cozinha mexicana é marcada por uma combinação única de sabores e ingredientes. Carne, aves, massas, cereais, feijões, pimentas e tomates são comuns na culinária mexicana, todos frequentemente temperados com manjeriço, coentros, cravo-da-Índia, cominho e canela. Além disso, ingredientes como leite de coco, abacate e chocolate também são incorporados one week running bet prediction algumas receitas.

Embora as receitas regionais variem amplamente, algumas das características mais universalmente associadas à cozinha mexicana incluem:

- Tortilhas - Usadas one week running bet prediction pratos individuais e para elaborar receitas tradicionais, tortilhas feitas à mão são feitas com masa de milho ou trigo.
- Cozinha à lenha - Uma tradição de cozinhar sobre lenha é prevalente one week running bet prediction todo o México, infundindo os alimentos com um sabor característico.
- Moles - Essas espessas misturas de especiarias, tomate e, opcionalmente, chocolate, criam molhos ricos e por vezes picantes.
- Pimentas - O mundo das pimentas é vasto na culinária mexicana, variando dos tipos picantes, como a jalapeño, à doce, como a pimenta do piquillo.
- Maíz - O milho é um ingrediente básico da dieta mexicana. Pode ser cozido inteiro one week running bet prediction várias variedades, moído e usado como base para tortilhas ou convertido one week running bet prediction massa.

## História da cozinha mexicana

A cozinha mexicana tem mais de nove mil anos. Tem raízes na cozinha dos povos indígenas, principalmente dos astecas, maias e aztecas.

O contato com os espanhóis alterou a culinária mexicana, trazendo castanhas, tomates, pimentas, gado e grãos. Estes ingredientes foram incorporados à cozinha indígena existente, criando a base da cozinha mexicana moderna.

Atualmente, a cozinha mexicana é uma fusão dos sabores indígenas com a influência espanhola resultando one week running bet prediction uma variedade de pratos coloridos, deliciosos e ricos one week running bet prediction sabores.
