Not to be confused with Serie C

Football league

The Campeonato Brasileiro Série C is the

third tier of the Brazilian football 8 league system.

Unlike the first and second

divisions, the Série C is not played in a double round robin system, arguably 8 because

many participating teams lack the financial conditions to travel long distances. Thus,

the tournament is organized in regional groups 8 and the table prevents teams from

distant states from playing each other in the initial rounds.

Beginning in 2009, the

Série 8 C was reduced from 64 teams to 20 and the new Campeonato Brasileiro Série D is

the qualifier for Brazilian 8 league football. In its current format the first phase was

then played in a single round, with 19 matches. The 8 top eight teams qualify for a knock

out stage and the four semi-finalists are promoted to the Campeonato Brasileiro Série

8 B. The four lowest-placed teams are relegated to the Campeonato Brasileiro Série

D.

Format history [edit]

Until 2008, any professional 8 team could apply, but only 64

teams would take part in the tournament. The teams that had been relegated from 8 the

Série B in the previous year were joined by teams qualified for each federation state.

Qualification rules varied, some 8 federations used the state tournaments as

qualification tournaments, others organized exclusive qualification tournaments to the

Série C.

From 2009 onwards, the 8 qualifiers were played in four groups of five teams

each. In 2011, the final round was played in two groups 8 of four. From 2012, the

competition was played in two groups of ten teams in the first phase, increasing the

8 number of dates. This format was maintained until 2024, when the competition's

Technical Council decided to make a change in 8 the second phase, reintroducing two

groups of four to determine the promoted teams and finalists, as in 2011. In 2024, 8 in

turn, the first phase was then played in a single round, with 19 matches instead of 18.

The eight 8 best teams qualify for the second phase, which is played in the same format

as before, while the four lowest-placed 8 teams are relegated.

The Campeonato Brasileiro has existed

8 since 1971. However, there have been many years when no third division tournament took place. In most cases it was 8 because the two elite divisions had too many clubs (in 1989, for instance, 96 teams contested the second division^[1]). The 8 following table shows the winners and runners-up of the Série C tournaments played from 1981, according to the Brazilian Football 8 Confederation:^[2]
