Poker tool software company

PokerTracker Software, LLC is the name of a poker tool

software company that produces the PokerTracker line of poker tracking and analysis

software.[1][2] PokerTracker's software imports and parses the hand histories that

poker sites create during online play and stores the resulting statistics/information

about historical play into a local database library for self-analysis, and for in-game

opponent analysis using a real-time Head-up display.[1]

The software allows the user to

monitor each poker session's profit or loss, hands played, time played, and table

style. It calculates and graphs statistics such as hands per hour, winnings per hand,

winnings per hour, cumulative profit and loss, and individual game profit and loss

across multiple currencies.

Products [ edit ]

The logo associated with PokerTracker

3

PokerTracker Software, LLC produces poker analysis software. Examples include

PokerTracker Holdem v2, PokerTracker Omaha v2, PokerTracker 3 Hold'em (PT3) for Texas

Hold 'em, PokerTracker 3 Omaha (PTO) for Omaha Hold 'em, PokerTracker Stud for Stud

poker, and TableTracker.[3] The company previously developed the PokerAce Head-Up

Display, also known as PokerAce HUD or simply PAHUD, which provides real-time

information for live online poker play;[4] the functionality from this formerly

separate application was eventually incorporated within PokerTracker 3. Collectively,

the company's software has been described as "among the most comprehensive software

programs in the online poker industry" by PokerSoftware.[5] The company subsequently

developed PokerTracker 4 in 2012 and 2013, which is its most recent software

development.

PokerTracker 3 [ edit ]

The general info tab view of a sample database in

PokerTracker Holdem v3.00 beta 29, including user customized columns such as final

tables and highest percentile finish.

In September 2009, the company announced that as

of March 31, 2010, PokerTracker Holdem v2 would no longer be supported. The decision

was made because PokerTracker 3 had been released on May 15, 2008, nearly two years

prior to the end-of-life date. The company felt that discontinuing support of v2 would avail resources which could be dedicated to improving PT3 and providing exceptional customer service.[6][7] Similarly, on December 31, 2010, PokerTracker Omaha v2 would no longer be supported, as its features have been completely integrated into the PokerTracker 3 product line.[8]

PokerTracker 3 supports online poker from the following poker networks and/or sites: 888 Poker Network, Bodog, Boss Media, Cake Network, Cereus Poker Network, Entraction Poker, Everest Poker, Full Tilt Poker, IPoker, Microgaming, Merge Gaming Network, OnGame, PartyPoker, PokerStars and Winamax.[9] PokerTracker is available natively for both Microsoft Windows and Mac OS X-based computers.[7]

PokerTracker 3 competes against several similar programs.[10] According to Total Gambler, its most notable competitors are Hold'em Manager and PokerOffice,[10] while Pokersoftware considers only Hold'em Manager to be a serious competitor.[11]

PokerTracker 4 [ edit ]

PokerTracker 4 is poker tracking software that is designed for several types of online poker: No-Limit, Limit, or Pot-Limit cash games, Sit N' Go's and Multi-Table Tournaments for both Texas Holdem and Omaha players.[12] It is compatible with almost all online poker websites' software and interfaces.[13] PokerTracker 4 began public beta testing in March 2012.[14] In August 2012, the company commercially launched a Microsoft Windows version of PokerTracker 4.[15] In January 2013 as PokerTracker version 4.05.10 was rolled out, the company began alpha testing an Apple OS X version of the software.[14][16] PokerTracker 4 was produced from scratch rather than by refining PokerTracker 3 and other earlier versions.[17]

On most online poker sites, players can have the client software create a locally stored text file that records the hand history as shown in the 'Sample Hand History' example. These hand histories summarize the details of the hand in a format that can be parsed by computer software. PokerTracker reads these files and extracts the relevant information, which it converts into a database for later review or statistical analysis.[11] The software is capable of combining hand history details of multiple accounts from different online poker services, which allows a user to aggregate his or her data.[18] Statistical summaries can be consolidated from different poker sites regardless of whether the user's screen name is the same at each site.

PokerTracker is capable of analyzing cash ring games in which players play for cash during each hand, sit and go tournaments in which players compete for set prizes after the prescribed number of competitors join the tournament, and multi-table tournaments in which players compete for tournament prizes based on the total number of entries at the scheduled start time. Statistics can be tracked by position, session, tournament, best & worst hands, and hand results. This helps the user analyze statistics based on starting hand or final hand. The software also enables the user to replay any specific hand.[19]

The software's database uses tournament summaries such as the 'Sample Tournament Summary' example and hand histories to provide a three section summary (see infobox screenshot). The top section of the general information tab provides tournament summaries of profit/loss as well as ordinal placement summary. The other sections summarize situational statistics based on the level of the blinds and the starting hand. Additional tabs in the software produce detailed information for various statistical interests.

PokerTracker's probability graphs, as well as historical statistics of the hands a user and his or her opponents have played, enable the user to analyze conditional statistical possibilities and optimal betting amounts. The situations it analyzes are conditional on the opposition's playing characteristics and the player's position relative to the dealer.[20] Graphs can be produced for a single session or for any part of one's playing history.[19] One of the biggest improvements in PokerTracker 3 over PT2 is that it is fully customizable so that all statistics and reports can be tailored to the individual user.[11][21] The Guardian claims most serious players use PokerTracker during online play to constantly calculate situational optima.[22]

PokerTracker 3 version v3.00 beta 29 Profit graph

PokerTracker 3 is also

known for its integrated heads-up display, a transparent video overlay data presentation that makes statistics and notes are readily available during play. The HUD allows an online poker player to focus his attention on the poker table he or she is playing at, rather than on the PokerTracker application. The HUD provides a vast array of realtime statistics for in-game analysis, customizable to the user's preference.[19] In addition to the statistics available constantly during play on the poker window, detailed statistics are available in a pop-up window, accessible via a single mouse click.[23] Marbella Slim of the Daily Star used the vision of Arnold Schwarzenegger's Terminator character in an analogy with the HUD: "In some scenes, you get to see what the robot Terminator is seeing and he has all these data streams in front of his vision - it's a HUD or a head-up display." [24] Unlike other poker tracking products, PokerTracker 3 includes a HUD as part of the basic program.[11] The PT3 HUD, which automatically overlays a player's opponents' statistics next to their avatars, is essentially a built-in version of the formerly available PokerAce HUD.[21]

PokerTracker

v2 will no longer be supported after March 31, 2010.

PokerTracker 3 also offers a

monthly subscription-based service called TableTracker. TableTracker is an integrated service that automatically identifies ring tables with competition suitable to the user's playing style.[21] PokerTracker's servers constantly monitor which players are playing and what tables they are playing at on various major poker sites,[25] which allows TableTracker to find the weakest players across multiple online poker websites.[19] The user can search based on the software's built in scoring system or any other statistics of his or her choosing.[25]

Use and legality [ edit ]

PokerTracker

3 includes a HUD overlay as seen in this Pokerstars online poker session

Serious poker

pros and casual amateurs alike can benefit from the poker tracking software,[26] and poker magazines such as Card Player repeatedly remind poker players of the usefulness of tracking software.[27][28] Total Gambler says that in addition to experience and skill the other necessity for a gambler to become a professional poker player is a good

software package such as PokerTracker.[29]

Several websites portray PokerTracker as

either the world's leading or the world's most popular poker tracking software. For example, Pokersource describes it as "the most popular poker tracking and analysis software available"[2] and Party Poker describes PokerTracker as "the original and largest piece of poker tracking software".[21] PokerSoftware says "Poker Tracker has been the industry standard ... for years".[11] Total Gambler says that for more than a two-year period PokerTracker 2 was the "prominent force in online poker tracking", but at the time of its December 2008 review it speaks of this leadership position in the past tense, noting that PT3 had not yet been "fully released" at the time of its testing.[10]

Major online card rooms forbid the use of software that gives a player an

"unfair advantage." This typically includes software that allows players to share their hole cards with other players during live play and software that automates decision making. Since PokerTracker software doesn't fit into either of these categories it is generally allowed on most sites, including industry leader PokerStars.[2][30] Legality aside, some players feel the use of PokerTracker takes away from the game; for example, Victoria Coren of The Guardian remarks "there is only one downside [to using PokerTracker]. Where's the bloody fun in it?"[22]

### **Jeff Dodds: el CEO de la Fórmula E que quiere competir con la Fórmula Uno**

Jeff Dodds, CEO de la Fórmula 8 E, ha sido fanático de la Fórmula Uno "toda su vida". Dice que es una buena cosa porque, como CEO 8 de la serie de carreras eléctricas Formula E, debe enfrentar constantemente la comparación con su contraparte propulsada por combustibles fósiles. Así 8 que lo enfrenta de frente. Con el crecimiento y la mejora de la tecnología en la Fórmula E, dice que 8 es "realista" que algún día se plantee la pregunta de si ambas pueden coexistir. En

una entrevista con el *Observer* en la sede de la empresa de carreras en el oeste de Londres, agrega que tal vez algún día, a medida que se desarrolla la Fórmula E, "no lo harán [ambas]". Los escépticos de los fanáticos de la Fórmula Uno pueden ser perdonados. La serie de combustibles fósiles afirma tener 1.5 mil millones de espectadores de TV y varios cientos de miles de espectadores en cada carrera (incluidos 480,000 en Silverstone, el hogar del deporte motor del Reino Unido). La Fórmula E afirma tener 225 millones de espectadores de TV, asistencias en los miles y apenas ninguna cobertura de los medios tradicionales occidentales. Sin embargo, la Fórmula E tiene tecnología, y tal vez también geografía, de su lado. El cambio global hacia los vehículos eléctricos parece inevitable, y la transición está liderada por Asia, y particularmente por China, donde más y más fanáticos están abrazando las carreras de motores eléctricos. Miles han acudido este fin de semana al ePrix de Shanghai.

Dodds ha dirigido el negocio durante el último año. Sentado en las oficinas de la Fórmula E con un mono de estilo de carreras lleno de logotipos de patrocinadores, irradia el encanto contundente de un hombre acostumbrado a apretar palmas en el paddock de la carrera y persuadir al mundo de que quieren estar allí también.

La serie de carreras eléctricas ahora está en su décima temporada, habiendo comenzado en 2014 en Beijing. Fue el cerebro de Alejandro Agag, un hombre de negocios español, y el francés Jean Todt, quien era entonces presidente de la FIA (Fédération Internationale de l'Automobile), que rige el deporte motor global.

Desde el principio, Agag y Todt destacaron las credenciales de bajo carbono de la carrera, incluso afirmando que era neutral en carbono — aunque gracias a compensaciones cuestionables.

Dodds dice que la sostenibilidad es "parte de nuestro ADN", pero hay muchas pruebas de que las credenciales ecológicas no importan tanto a los fanáticos del deporte motor de cualquier tipo. La Fórmula E tiene un acuerdo de patrocinio saudí y celebró un fin de semana de carreras en Riad este año.

Hubo problemas de inicio con la Fórmula E. Los equipos de la primera serie tuvieron que cambiar de coche a mitad de carrera porque sus baterías no podían durar la distancia. Pero los autos eléctricos han avanzado mucho desde entonces, con baterías más ligeras y duraderas. Una nueva generación de autos será capaz de ir de 0 a 100 km/h en 1.8 segundos, acelerando más rápido que la Fórmula 1, y tendrá una velocidad máxima de 320 km/h. A medida que la tecnología mejoró, la serie atrajo a audiencias e inversores: las empresas de medios Liberty Global (el propietario detrás del auge reciente de la Fórmula 1, impulsado por la popular serie de Netflix *Drive to Survive*) y Warner Bros Discovery compraron en 2024.

## El desafío de crecer

Dodds está a cargo de hacer crecer la Fórmula E (después de una pausa durante la pandemia de coronavirus). Pero sus trabajos anteriores — como CEO de la compañía holandesa de telecomunicaciones Tele2 y luego COO de Virgin Media O2 — no lo harían parecer una opción obvia para dirigir una serie de carreras.

Pero retrocediendo un poco, la designación tiene más sentido. Dodds nació en Kent en una familia trabajadora — su madre era enfermera y su padre bombero. Estaba "fascinado con los autos desde una edad muy temprana", y eligió trabajos en la industria automotriz cuando salió de la escuela, trabajando en ventas y marketing para Volvo y más tarde para Honda. Dice que se enamoró del deporte motor en la compañía japonesa, que en ese momento competía en carreras de Fórmula Uno, motocicletas y lanchas a motor. "Creo que incluso competían en cortadoras de césped en ese momento."

Un conjunto de palos de golf de Phil Mickelson en su oficina es una prueba de una etapa en el fabricante de equipos de golf estadounidense Callaway, pero pronto se mudó a las telecomunicaciones, finalmente liderando a 17,000 personas en Virgin Media O2. Liberty Global había comprado Virgin Media en 2013, y cuando Dodds le dijo al CEO de la empresa, Mike Fries,

que quería 8 dejar las telecomunicaciones, el estadounidense le dijo que "solo se quedara cerca del aro por un rato" — una metáfora 8 de baloncesto.

Ahora le ha llegado la pelota de la Fórmula E a Dodds, con Liberty y Warner dispuestos a soportar 8 pérdidas considerables — €242m en 2024 y 2024, según sus últimas cuentas del Reino Unido — en busca de crecimiento.

Reconoce 8 que "no suficientes personas saben de nosotros", pero dice que la Fórmula E ahora tiene 385 millones de fanáticos, mientras 8 que la F1 tiene 800 millones por el mismo método de encuesta. "En Japón, China, Indonesia, vemos un crecimiento increíble 8 en la base de fanáticos", dice.

## Atrayendo a los fabricantes chinos

Su desafío es hacer mella en Europa y los EE. UU., 8 Donde los fabricantes alemanes Audi y BMW se retiraron en 2024. "Fue antes de mi tiempo", dice apresuradamente, sugiriendo que 8 puede haber sido debido a preguntas sobre el ritmo de la transición de los fabricantes a los autos eléctricos.

La Fórmula 8 E ahora tiene 11 equipos, incluidos Jaguar y McLaren del Reino Unido, Nissan de Japón, Porsche de Alemania y el 8 fabricante de baterías chino Envision. Un último lugar en la parrilla está a la venta. Dodds dice que consideraría a 8 los "reingresos" alemanes y suelta el nombre de Fred Vasseur, el director del equipo de F1 de Ferrari, con una 8 despreocupación estudiada que sugiere que la empresa no está interesada. Pero está particularmente cortejando a otros fabricantes chinos.

Su oferta: millones 8 de ojos en todo el mundo a una fracción del costo de la Fórmula Uno. Comprar un equipo de Fórmula 8 Uno podría costar fácilmente más de R\$1 mil millones, con un tope de costos anuales de R\$140 millones antes de 8 los salarios de los conductores. El tope de costos de la Fórmula E es de R\$14 millones, y un equipo 8 puede costar entre R\$25 millones y R\$30 millones.

Los costos son más bajos porque la mayoría de los elementos de los 8 autos de carrera — desde el chasis hasta las baterías — son idénticos, y la investigación se centra en los 8 motores y el software que los controla. Eso enfada a algunos puristas de las carreras, que valoran la batalla entre 8 los constructores, pero evita el "problema de Max Verstappen" de la dominación del equipo de Red Bull. Las carreras generalmente 8 se llevan a cabo en el centro de la ciudad, lo que se adapta a las fortalezas de las impresionantes 8 aceleraciones y el ruido relativamente bajo de los autos.

Esto cambiará a medida que la serie busque circuitos más grandes para 8 igualar el alcance de las baterías más largas. Dodds dice que la Fórmula E podría comenzar a alternar carreras de 8 40 minutos de velocidad máxima con batallas tácticas más largas.

Él y la Fórmula E tienen un trabajo difícil convenciendo a 8 los petrolheads endurecidos. Pero a medida que el centro de gravedad del automóvil mundial se desplaza hacia Asia y los 8 autos eléctricos se convierten en la norma global, puede descubrir que no necesita hacerlo.

## CV

**Edad** 50

**Familia** Casado con Mary. Dos hijos 8 y dos gatos.

**Educación** Oakwood Park grammar school, Maidstone, luego mientras trabajaba un MBA en la Westminster Business School, MSc en 8 marketing internacional en la Universidad Robert Gordon, y doctorado honorario de la Universidad de Bournemouth.

**Salario** "No revelaré específicos en este 8 caso", pero la participación en el negocio es parte de eso.

**Último descanso** Descanso de Pascua en Doha, Catar con la 8 familia de camino a casa desde el ePrix de Tokio.

**Mejor consejo que le han dado** "Usain Bolt una vez me 8 dijo que siempre obtuvo más placer ganando las carreras de relevos que las individuales ... La sensación de ganar con 8 un equipo es mucho mejor que por ti mismo."

**Expresión que más usa** Más una expresión: "¿Cómo podríamos probar eso?"

**Cómo se 8 relaja** Gimnasio, golf, tiro al blanco, lectura.
