Bull Fiesta Review

Pragmatic Play are a hard-working company that provides us with new releases on a regular basis. We're happy to go through all of them, so we're happy to go through Bull Fiesta as well. It's a classic slot in most regards, but it has more gameplay features than you'd perhaps expect. We'll go through them later on, though. For now, let's start by saying that the playing field consists of 5 reels, 3 rows and 25 paylines.

Visually, Bull Fiesta is incredibly colorful, with lush colors and a great atmosphere that you can easily sink into. It's so easy on the eyes that we fell in love with the graphics as soon as we saw them. Pragmatic Play just know how to design these great-looking slots and we're happy to applaud their efforts here!

The mathematical mode has a medium volatility level, with a good 2,500x jackpot that you can win in the Money Respin feature. The betting range caters to everyone, too. While the min bet will have you play for just £0.25 per spin, high rollers can stake up to £250 on any spin (though this might differ across online casinos). The theoretical RTP of Bull Fiesta is then bang on average, clocking in at 96%.

Bull Fiesta Slot Features

There are 8 pay symbols in Bull Fiesta, 4 low pays and 4 high pays. For low pays, there are colorful card ranks, which go from Jacks to Aces. All card ranks pay the same, up to 2x your bet for a winning combination. The high pays are then more thematic, showing pinatas and three charismatic characters. Treadors pay the most, as a five-of-a-kind combination of them is worth 20x your stake.

In terms of special symbols, there are Bull Wilds, Guitar Scatters, and Flower Money Symbols. While the latter are there to trigger the bonus feature, Bull Wilds can substitute for other symbols and help you create winning combos. They are also worth the same as treadors and pay 20x your bet for 5 symbols in a winning combination.

If you get 3 Guitar Scatters on the reels, you'll trigger the Free Spins feature with 5 free spins. That's not a lot, but you can get 3 extra free spins by finding 3 additional Guitar Scatters on the reels. The main kicker, though, is that the middle three reels spin together during free spins, showing giant 3x3 symbols!

Flower Money symbols are present on all reels and they can carry either a money value or a jackpot value (Mini or Major). If you land 6 or more Flower Money symbols, you'll activate the

Money Respin feature. This is basically a Hold and Win feature by another name, which means that all Flower Money symbols get locked for a total of 3 respins. You can also reset the tally by finding more Flower Money symbols and it all ends once you either run out of respins or fill the entire board with Flower Money symbols. Then, you'll collect all values in view, which can include the Mini jackpot (worth 30x your bet) and the Major jackpot (worth 100x your bet). If you fill the board entirely, you'll also win the Mega jackpot (worth 1,000x your bet).

Review Summary

Although Bull Fiesta doesn't bring anything new to the table, its colorful graphics and two major features combine to create a great experience overall. There are simply no minuses in the package, so we can give Bull Fiesta a general recommendation. If you're into Spanish-themed slots, pay Bull Fiesta a visit as soon as possible!
