contente:

ndem ao seu valor numérico de 2-10. Todos os cartões de rosto (Jack, Queen, King) quase 10 e, portanto, o Ás 1 ou 11, porque os detentores desejam. Uma pontuação com um ás avaliado como 11 é conhecida como mão macia. Quando é um Áse considerado como 1 o 11 no BlackJank? - Quora quora

ideia para dobrar para baixo quando você está mostrando um

How To Play In Brief

Most players will be familiar with Pontoon, or '21'. If so

Blackjack will be easy to pick up. The object of the game is to beat the croupier's hand by getting as close to 21 as possible without going over, or 'busting'.

The

croupier, acting as Banker, will shuffle 6 decks of cards, before asking a player to cut them. The cards will then be placed in a dealing box, referred to as a 'shoe'.

Begin by placing your bet in the empty box nearest to you where you are standing or sitting. If you don't have any chips place your money on the table and the croupier will exchange it for you. The croupier will deal two cards face up to each player and one to himself.

Count up the value of your two cards (cards count at their

face value with Jack, Queen, King counting as 10 and Aces counting as 1 or 11).

If your

first 2 cards total 21 you have a Blackjack, a winning combination that pays 3-2 as long as the croupiers first card isn't an Ace. If this is the case you will be offered an insurance bet, equivalent to accepting even money straight away.

If you don't have

Blackjack you can "Stand" or you can draw more cards, until you believe your cards will total closer to 21 than the croupiers.

You may "split" any pair for an additional

equivalent bet. Also, you may double your original bet and draw only one more card with any total from your first two cards.

If the croupier has a hand of 16 or under they

must draw more cards, with a hand of 17 or over they must stand.

If you don't have a

Blackjack but your hand is closer to 21 than the croupier's, you win even money. If the croupier's hand is closer, the house wins. If you match the croupiers hand, you retain your original bet.

21+3

21+3 is a side bet on Blackjack. It uses the player's first two cards and dealer's first card to form a three card poker hand. The winning hands are

Flush, Straight, Three of a Kind and Straight Flush, all pay 9-1.

**SUPER pairs**

Super

Pairs is a side bet on Blackjack & a bet wins if the first two cards dealt to a player's Blackjack hand are a pair & it loses if they are not. Bets are made prior to any cards being dealt & must be supported by a regular Blackjack bet on the same betting box. Any pair pay 5-1, a Prime Pair pays 10-1 and a Suited Pair pays 30-1. If the player's first two cards, plus the dealer's face card, are suited, Suited Trips pay 50-1.

**BJ 21 + 3 Progressive**

In addition to the basic game detailed above, players may place an optional side wager on the "Progressive Jackpot". This is a wager that the player's hand will hit one of the rankings below, irrespective of whether it also beats the dealer and / or whether the dealer's hand qualifies. A progressive wager must be accompanied by a Standard Black Jack wager. Uses Player's first two Cards and Dealer's first Card.

Winning progressive side bet hands are, in descending order, as follows:-

Aces, kings or queens suited

Trips Suited

Straight Flush

Three of a Kind

Offsuit

Straight

Flush

If the player's hand does not hit one of the above rankings, the progressive wager will lose.

**Insurance**

Insurance is a side bet that the dealer will draw blackjack and is treated independently of the main wager.

**Should the Dealer pull**

an Ace as their first card, customers will be invited to place an insurance bet, of up to half their original bet; against the Dealer receiving Blackjack. The hand will progress as standard and the insurance bets of any player who exceeds 21 will remain in position.

If the Dealer draws Blackjack then all insurance bets will be paid at 2:1.

If

the Dealer doesn't draw Blackjack then all insurance bets lose.

**GOOD LUCK!**

## **La familia real abre las puertas del Castillo de Balmoral al público**

Por primera vez en más de 170 años, la familia real está abriendo las puertas del Castillo de Balmoral al público para visitas guiadas. Los boletos se agotaron en las primeras 24 horas.

### **Visitas guiadas**

Desde el lunes, los visitantes pueden realizar un recorrido guiado por varias salas del castillo de Aberdeenshire, como el vestíbulo de entrada, el corredor rojo, los comedores principal y familiar, el lobby del paje, la biblioteca y el salón de dibujo.

También podrán apreciar los cambios realizados por el rey Carlos desde que se convirtió en monarca, como su decisión de cambiar las alfombras del salón de dibujo al estilo Hunting Stewart tartán, el original elegido por la reina Victoria.

### **Boletos agotados**

Los boletos para los recorridos guiados, a un precio de £100 o £150 con té de la tarde, se agotaron en las primeras 24 horas, con un límite de 40 visitantes por día del 1 de julio al 4 de agosto.

### **Un vistazo a la residencia real**

James Hamilton-Goddard, gerente de empresa de visitantes del dominio, dijo: "Es un lugar magnífico, creo que el rey quiere que la gente lo vea".

"Los visitantes que hayan logrado conseguir un boleto se irán habiendo visto la casa de vacaciones de la familia real, eso es exactamente lo que es, se siente muy hogareño".

### **El retiro real de verano**

El retiro real de verano ha sido una residencia real desde que el príncipe Alberto lo compró en 1852 por una suma reportada de £32,000. Se cita a menudo como el residencia favorita de la reina Isabel II y es donde murió en 2024.
