Job Description

GameArt is hiring a FULL STACK DEVELOPER, to join our team in Slovenia or remotely.

About GameArt

GameArt, a leading provider of high-quality slot games and online casino experiences, is strengthening its backend developer team. We take pride in producing top-quality gaming solutions for online casinos and gaming environments.

The Opportunity

We are looking for a passionate full stack developer who is passionate about creating robust, scalable, and secure systems. You should be proficient in the JavaScript and Typescript programming languages and Node.js, and have a strong understanding of system design, data structures, algorithms and game development. You will be responsible for integrating clients into our system, assisting them with seamless integration and developing our game client to support integrations.

THE ROLE

Your responsibilities will include:

- > Write clean, maintainable, and efficient code with Node.js and Typescript
- > Integrate clients into our system based on provided documentation > Document codebase (including API documentation) and provide technical support when needed
- > Support clients to integrate into our systems
- > Develop our game client to support custom integrations
- > Maintain integrations and client systems

YOUR PROFILE:

- > Experience: Minimum of 2 years of hands-on experience as a full stack developer working on integrations (bonus: experience in the iGaming industry)
- > Skills: Proficient in JavaScript, Typescript, Node.js, REST API, and Redis DB. Knowledgeable in technologies such as PostgreSQL, MongoDB, RabbitMQ, Git, Linux, Pixi.js, HTML, CSS and Angular is a bonus.
- > Attributes: Responsible, proactive, open to innovation, and entrepreneurial in development
- > Language: Fluent in English

YOU HAVE THE ABILITY TO:

- > Document software code, including API documentation
- > Integrate standards into the software code
- > Participate in the design of software architecture
- > Solve development challenges independently
- > Set priorities and deal with urgent situations
- > Understand the business performance of the product

WORKING WITH A TEAM OF EXPERTS, YOU WILL BUILD ON YOUR KNOWLEDGE OF:

- > Systems technologies
- > Web technologies
- > Programming practices
- > Gaming standards

WE ARE OFFERING YOU:

- > Regular employment or other forms of cooperation tailored to your preferences
- > Offices in several locations in Slovenia, with the option for remote work
- > The opportunity to grow in a professional and ever-expanding environment
- > A diverse array of projects that ensure work is never monotone
- > Options to attend tech conferences of your choice, contributing to your continuous professional development
- > A flexible work schedule that accommodates your work-life balance

If you are passionate about backend development and meet the qualifications, we invite you to apply with your resume and portfolio. We look forward to welcoming dynamic and passionate individuals to join our team and contribute to our exciting projects.
