How to Play Texas Hold'em
Want to enjoy a game of Texas Hold'em poker? Here you will find key details about 2 Texas Hold'em to help you learn the game including the rules, hands, different variants of this game type and more.
What 2 is Texas Hold'em Poker?
Texas Hold'em poker is one of the most popular poker variants in the world. Despite its relative 2 simplicity, Texas Hold'em has the potential to be played with a seemingly infinite variety of strategies and tactics.
The Rules of 2 Texas Hold'em
To start playing Texas Hold'em games, it's important to understand the basic rules: Every player is dealt two cards 2 which only they will see (known as 'hole cards')
The dealer spreads five cards (community cards) - three at once, then 2 another, then another - these can be used by all players to make their best possible five-card hand
Before and after 2 each card(s) is revealed, players take turns to bet. To stay in the hand and see the next card, all 2 players must have put the same amount of chips in the pot as each other (unless one player is already 2 all-in)
The best poker hand wins the pot. A player may use any combination of the seven cards available to make 2 the best possible five-card poker hand, using zero, one or two of their private hole cards
The Blinds
In Hold'em, a marker 2 called 'the button' or 'the dealer button' indicates which player is the dealer for the current game. Before the game 2 begins, the player immediately clockwise from the button posts the "small blind", the first forced bet. The player immediately clockwise 2 from the small blind posts the "big blind", which is typically twice the size of the small blind (blinds can 2 vary depending on the stakes and betting structure being played). In Limit games, the big blind is the same as 2 the small bet, and the small blind is typically half the size of the big blind (but may be larger 2 depending on the stakes). For example, in aR$2/$4 Limit game the small blind isR$1 and the big blind isR$2. In 2 aR$15/$30 Limit game, the small blind isR$10 and the big blind isR$15. In Pot Limit and No Limit games, the 2 games are referred to by the size of their blinds (for example, aR$1/$2 Hold'em game has a small blind ofR$1 2 and a big blind ofR$2). Depending on the exact structure of the game, each player may also be required to 2 post an 'ante' (another type of forced bet, usually smaller than either blind, posted by all players at the table) 2 into the pot. Now, each player receives their two hole cards. Betting action proceeds clockwise around the table, starting with 2 the player 'under the gun' (immediately clockwise from the big blind).

Player Betting Options

In Hold'em, as with other forms of poker, 2 the available actions are ‘fold’, ‘check’, ‘bet’, ‘call’ or ‘raise’. Exactly which options are available depends on the action taken 2 by the previous players. If nobody has made a bet, then a player may either check (decline to bet, but 2 keep their cards) or bet. If a player has bet, then subsequent players can fold, call or raise. To call 2 is to match the amount the previous player has bet. To raise is to not only match the previous bet, 2 but to also increase it.

Pre-Flop

After seeing their hole cards, each player now has the option to play his or her 2 hand by calling or raising the big blind. The action begins to the left of the big blind, which is 2 considered a ‘live’ bet on this round. That player has the option to fold, call or raise. For example, if 2 the big blind wasR$2, it would costR$2 to call, or at leastR$4 to raise. Action then proceeds clockwise around the 2 table. Note: The betting structure varies with different variations of the game. Explanations of the betting action in Limit Hold'em, 2 No Limit Hold'em, and Pot Limit Hold'em can be found below. Betting continues on each betting round until all active 2 players (who have not folded) have placed equal bets in the pot.

The Flop

Now, three cards are dealt face-up on the 2 board. This is known as ‘the flop’. In Hold'em, the three cards on the flop are community cards, available to 2 all players still in the hand. Betting on the flop begins with the active player immediately clockwise from the button. 2 The betting options are similar to pre-flop, however if nobody has previously bet, players may check, passing the action to 2 the next active player clockwise.

The Turn

When the betting action is completed for the flop round, the ‘turn’ is dealt face-up 2 on the board. The turn is the fourth community card in Hold'em (and is sometimes also called ‘Fourth Street’). Another 2 round of betting ensues, beginning with the active player immediately clockwise from the button.

The River

When betting action is completed for 2 the turn round, the ‘river’ or ‘Fifth Street’ is dealt face-up on the board. The river is the fifth and 2 final community card in a Hold'em game. Betting again begins with the active player immediately clockwise from the button, and 2 the same betting rules apply as they do for the flop and turn.

The Showdown

If there is more than one remaining 2 player when the final betting round is complete, the last person to bet or raise shows their cards, unless there 2 was no bet on the final round in which case the player immediately clockwise from the button shows their cards 2 first. The player with the best five-card poker hand wins the pot. In the event of identical hands, the pot 2 will be equally divided between the players with the best hands. Hold'em rules state that all suits are equal. After 2 the pot is awarded, a new hand of Hold'em is ready to be played. The button now moves clockwise to 2 the next player, blinds and antes are once again posted, and new hands are dealt to each player.

How many Hand 2 Combinations are there in Texas Hold’em?

There are 1,326 possible combinations for your opening hand in Texas Hold’em poker. However, because 2 suits have no value in this poker variant, a lot of these combinations will have the same value before the 2 flop. When we eliminate identical combinations, there are 169 starting hands in Texas Hold’em. Pre-flop, Pocket Aces is the best 2 starting hand. However, if your hand doesn’t improve on the board, you will only have one pair. Particularly in multi-way 2 pots, this may not be a strong enough holding for you to continue in later betting rounds, or to win 2 the hand if it gets to showdown. When playing heads up games (vs just one opponent), you typically need to 2 play an extremely wide range of starting hands, especially when on the button. However, in multi-way games (vs several opponents), 2 you need to be more selective with your starting hands, taking table position and the actions of your opponents into 2 account. Hands with generally strong playability include: Top pairs – AA and KK are the premium starting hands in Texas 2 Hold’em.

They can be played extremely confidently and aggressively pre-flop, and you shouldn’t be deterred from getting your stack in 2 the middle at this stage if you get the opportunity. QQ and JJ are the next best pairs which can 2 also be played positively, though you need to proceed with caution if facing a lot of pre-flop aggression, or if 2 over cards are dealt on the flop.

Small pairs – small to middle pairs like 44 or 66 are good to play in 2 late position if you can see a flop relatively cheaply, to try and hit a set on the flop. If 2 you do, your hand will be pretty well disguised against opponents playing bigger pairs or higher cards. Folding is recommended 2 against a lot of pre-flop action, or if you face a bet after missing the flop.

These 2 holdings have great playability post-flop and can give you the chance to make straights or flushes. It’s recommended that you 2 play a lot of these hands multi-way and/or when you have a deep stack, as you have the potential to 2 win large pots against players with inferior holdings like two pair or three of a kind.

Suited aces – hands like AH, 4H give you the potential to make straights, but more 2 importantly, the nut flush. Again, this can be extremely profitable against players with inferior holdings – especially players who may 2 also hit lower value flushes. In addition, suited aces are great bluffing hands against pre-flop raises. Holding an ace means 2 you block the combinations of aces that your opponent(s) can be holding. And if you’re called, your holding still has 2 decent playability post-flop.
How are hands ranked in Texas Hold’em?
Understanding hand rankings beyond your starting hands is important as you look 2 to play your best possible five-card hand from the seven available cards. Texas Hold’em poker uses traditional high poker hand 2 ranks: Royal Flush – 10-A of the same suit
Straight Flush – Five cards of the same suit, in consecutive order 2 numerically
Four of a Kind – Four cards of the same rank, and one side card/’kicker’
Full House – Three cards of 2 the same rank, and two other cards which also match rank
Flush – Five cards of the same suit
Straight – Five 2 cards in sequence numerically
Three of a Kind – Three cards of the same rank, and two unrelated side cards
Two pair 2 – Two cards of matching ranks, another two cards of matching rank, and one side card
One pair – Two cards 2 of matching rank, and three unrelated side cards
High card – No matching cards and no other hand type More information 2 on hand ranks, including examples of poker hands, is available in our How to Play section.
Limit, No Limit, Pot Limit 2 and Mixed Texas Hold'em
Hold'em rules remain the same for Limit, No Limit and Pot Limit poker games, with a few 2 exceptions
Limit Texas Hold'em
Betting in Limit Hold'em is in pre-determined, structured amounts. Pre-flop and on the flop, all bets and raises 2 are of the same amount as the big blind. On the turn and the river, the size of all bets 2 and raises doubles. In Limit Hold'em, up to four bets are allowed per player during each betting

round. This includes 2 a (1) bet, (2) raise, (3) re-raise, and (4) cap (final raise). No Limit Texas Hold'em
The minimum bet in No 2 Limit Hold'em is the same as the size of the big blind, but players can always bet as much more 2 as they want, up to all of their chips.
Minimum raise: In No Limit Hold'em, the raise amount must be at 2 least as much as the previous bet or raise in the same round. As an example, if the first player 2 to act betsR$5 then the second player must raise a minimum ofR$5 (total bet ofR$10).
Maximum raise: The size of your 2 stack (your chips on the table).
In No Limit Hold'em, there is no ‘cap’ on the number of raises allowed. Pot 2 Limit Texas Hold'em
The minimum bet in Pot Limit Hold'em is the same as the size of the big blind, but 2 players can always bet up to the size of the pot.
Minimum raise: The raise amount must be at least as 2 much as the previous bet or raise in the same round. As an example, if the first player to act 2 betsR$5 then the second player must raise a minimum ofR$5 (total bet ofR$10).
Maximum raise: The size of the pot, which 2 is defined as the total of the active pot plus all bets on the table plus the amount the active 2 player must first call before raising.
Example: If the size of the pot isR$100, and there is no previous action on 2 a particular betting round, a player may bet a maximum ofR$100. After that bet, the action moves to the next 2 player clockwise. That player can either fold, callR$100, or raise any amount between the minimum ($100 more) and the maximum. 2 The maximum bet in this case isR$400 - the raiser would first callR$100, bringing the pot size toR$300, and then 2 raiseR$300 more, making a total bet ofR$400.
In Pot Limit Hold'em, there is no ‘cap’ on the number of raises allowed. 2 Mixed Texas Hold'em
In Mixed Hold'em, the game switches between rounds of Limit Hold'em and No Limit Hold'em. The blinds are 2 typically increased when the game switches from No Limit to Limit, to ensure some consistency in the average pot size 2 in each game. The betting rules on each round follow the rules for that game, as described above.
In the PokerStars 2 software, it’s not possible to bet less than the minimum or more than the maximum. The bet slider and bet 2 window will only allow you to bet amounts within the allowed thresholds.

Programa educativo revolucionário será lançado nas escolas do Reino Unido

Um programa educacional inovador será lançado zebet app escolas do Reino Unido este mês, usando inteligência artificial e realidade virtual para "future-proof" os testemunhos de sobreviventes do Holocausto.

O Trust Educacional do Holocausto, um grupo de caridade com sede zebet app Londres, lançará o programa Testemunho 360 nas escolas do Reino Unido, permitindo que os alunos tenham conversas facia-a-faca com sobreviventes do Holocausto por meio de tecnologia inovadora.

Conversas com sobreviventes do Holocausto por meio de tecnologia avançada

A primeira parte do programa BR tecnologia avançada para permitir que os alunos tenham uma sessão de perguntas e respostas com uma réplica virtual de um sobrevivente do Holocausto por meio de um laptop e fones de ouvido. A segunda parte permite que os alunos explorem locais-chave relacionados ao testemunho do sobrevivente por meio de um headset de realidade virtual, incluindo os campos de concentração ou guetos zebet app que eles estavam detidos.

Uma ferramenta "estimulante" e "crítica" para combater o antissemitismo

Karen Pollock, diretora executiva do HET, descreveu o programa, que foi testado zebet app 15 escolas com 800 alunos, como "estimulante" e "crítico" devido ao recente aumento do antissemitismo e o número decrescente de sobreviventes do Holocausto capazes de compartilhar seus testemunhos.

"A beleza desta tecnologia é que você pode levar as pessoas sem sair do seu sofá ou da zebet app sala de aula e ensinar sobre o Holocausto", disse ela. "Estamos zebet app um cruzamento crítico, os sobreviventes estão diminuindo zebet app número... quando os testemunhos oculares não estiverem mais aqui, ainda precisamos criar esses momentos memoráveis e educação significativa sobre o Holocausto."

Ensinar sobre o Holocausto é obrigatório nas escolas do Reino Unido, com o objetivo de "garantir

que os jovens saibam das atrocidades do Holocausto", de acordo com o governo.

Preservando as histórias dos sobreviventes para as gerações futuras

Sobreviventes do Holocausto zebet app suas 80 e 90 visitam escolas zebet app todo o país com o HET para compartilhar suas experiências pessoalmente. No entanto, à medida que o número de sobreviventes diminui e os sobreviventes vivos ficam cada vez mais idosos e frágeis, o programa Testimony 360 tem como objetivo garantir que as interações com os sobreviventes ainda possam acontecer no futuro.

Manfred Goldberg, que sobreviveu ao campo de concentração de Stutthof e a uma marcha da morte, é o primeiro sobrevivente a ter zebet app história preservada usando essa tecnologia para estudantes do Reino Unido. Para o programa, Goldberg respondeu a mais de 1.000 perguntas potenciais e filmou por mais de 20 horas zebet app cinco dias. Por meio de IA, o sobrevivente é capaz de responder a uma variedade de perguntas, desde suas próprias experiências durante o Holocausto, até zebet app vida no Reino Unido e seu time de futebol favorito.

Goldberg descreveu a tecnologia como "uma forma de magia".

"Longos anos depois de eu partir deste mundo, eu ainda será capaz de contar-lhes zebet app minhas próprias palavras... detalhes de minhas experiências no Holocausto para tentar educar jovens. Eu estou chegando a termos com isso, mas ainda assim parece um pouco estranho", disse ele. "Espero que muitos milhares de jovens tenham a oportunidade de fazer perguntas para mim e saiam acreditando de que, de uma forma ou de outra, o ódio pode levar a atrocidades que foram sem precedentes."

Gabriella Burton, educadora do HET, disse que as crianças envolvidas no teste responderam positivamente ao programa, adicionando: "Acho que isso é revolucionário, não apenas zebet app termos de educação sobre o Holocausto, mas zebet app termos de educação histórica e educação zebet app geral... a energia na sala de aula, é simplesmente muito difícil descrever o quanto é fantástico."
