Games 2 Player Games

2 Player Games Unblocked

Among 2 Player Games, you can always

choose something interesting. There are many offers. Among them there are logical
games, where each of the players is invited to control his part of the screen. Such
games are often built on the principle of the good old Tetris. They need to collect
figures in a certain way. There are also a large number of RPG and shooter games for
two, from the most primitive, which can be played by kids, to those that will be
interesting to older gamers.

2 player games unblocked will be very pleased for fans of

sport games. There are many offers here! Together today, you can arrange competitions,
feeling like driving a cool racing car. You can take part in horse races or in a
running for a long distance. And you can play tennis or billiards. Football, hockey,
volleyball, swimming and even water skiing. By the way, the choice is so huge that
football or hockey, for example, can be played in options. Very popular are games from
a series of Heads.

Control in Two Player Games

The peculiarity of the gameplay in them

will be that not human figures, but only heads, with very impressive sizes, move around
the playing field. At the same time, hockey sticks, puck, ball, rackets and other
sports equipment are present. In many cases, it's not people, but cartoon characters,
participating in the two player games sporting events. If you wish, you can easily play
volleyball with Kikoriki or tennis with Bears, and if you want to feel what it like to
be a sprinter, you can also take part in the ostrich race. And just jumping with Masha
on a trampoline is also not forbidden!

By choosing any game from the series of 2 player

games unblocked, you can be sure not only of its colorfulness, but also that it will be
sustained in an oriental style. Games for two quickly gained popularity. All of them
are interesting without exception. Arcades, puzzles, strategies, rpg, fights, each of
them is beautiful in its own way. If you have never tried to play something together,
then it's time to do it. A more interesting pastime is simply not to be found.

La mayoría de las personas en los principales países productores de combustibles fósiles del mundo quieren una transición rápida a la energía limpia, según una encuesta de la ONU

La mayor encuesta de opinión sobre el clima jamás realizada, encargada por la ONU, revela que la gran mayoría de las personas en los principales países productores de combustibles fósiles del mundo quieren una transición rápida a la energía limpia para combatir la crisis climática.

Muchos de estos estados se han beneficiado enormemente de la explotación de combustibles

fósiles, pero la encuesta de 77 naciones muestra que sus ciudadanos están profundamente preocupados por los impactos del calentamiento global en sus vidas. En China e India, los mayores productores de carbón, el 80% y el 76%, respectivamente, quieren una transición verde rápida.

En los EE. UU., el mayor productor de petróleo y gas del mundo, el 54% de las personas quiere una transición rápida, al igual que el 75% de los habitantes de Arabia Saudita, el segundo mayor productor de petróleo. La encuesta también encontró que el 69% de los australianos quieren una transición rápida alejada de su gran sector de carbón y gas.

La encuesta de la ONU sobre el clima incluyó a 75.000 personas en países que representan casi el 90% de la población mundial

El Programa de las Naciones Unidas para el Desarrollo dijo que el propósito de la encuesta era mostrar a los líderes políticos lo que millones de personas en todo el mundo sienten sobre la emergencia climática y qué acción quieren que se tome. "Es absolutamente importante que dejemos que la gente hable por sí misma", dijo Achim Steiner, el jefe del PNUD.

La encuesta encontró que una gran mayoría (80%) quería que sus países fortalecieran sus compromisos de cambio climático, con solo el 5% que decía que su país debería debilitar su acción.

Una gran mayoría de personas quiere que los países trabajen juntos en el cambio climático

Aún más, el 86% quería ver a sus países apartar las diferencias geopolíticas y trabajar juntos en el cambio climático. Steiner dijo que este nivel de consenso era "impresionante", dada la aumento del conflicto y el auge del nacionalismo en todo el mundo.

"No hay duda de que los ciudadanos de todo el mundo están diciéndole a sus líderes que tienen que actuar y, sobre todo, actuar más rápido", dijo Steiner. "Este es un tema sobre el que casi todos, en todas partes, pueden estar de acuerdo".
