Singbet is one of the biggest, if not the biggest, betting outlets in the far East. This bookmaker can be accessed only via an agent or a broker. Singbet has some unique characteristics, both positive and negative. Be sure to read this review until the last line, otherwise, you will miss significant points. Let's start with the positive characteristics. - The widest variety of football leagues and events both pre-match and in-play, offer games and markets that can't be found anywhere else. - Extremely high odds with a margin of just 2% on top popular football leagues. Lower leagues also are covered with very competitive odds. - Extremely high betting limits that can't be found in other bookmakers. - Very early odds, that give the tenor to other bookmakers. - The best Asian handicap offer. - Very competitive odds, probably the best odds, on difficult markets including corners, cards, penalties and outrights. Notice, outright bets might come with lower betting limits. - Available to all major betting platforms, Mollybet, AsianOdds and their white labels. Now let's go to the negative characteristics. - Arbitrage players, traders, syndicates, professional and sharp players are not welcome. Singbet has been known to void bets after an event has been decided if they suspect that sharp action is proved to be smarter than their traders. - Singbet is notorious for voiding bets with absolutely no notice, especially winning bets. Players are left with the impression that their bets are standing while in reality, they are already void. This is not fair play. - Unlicensed and unregulated, if that means anything to you. - Singbet operates in what is called a "shareholder business model", which forces agents and brokers to take a betting position against their referred clients. This model pays-out lavish commissions and rewards to agents but in return, they have to filter their clients and keep only square action. - No significant offer other than football markets. Two very important observations. We studied the reports of dozens of our members who use this bookmaker, and we came to the conclusion that Singbet will most probably void your bets if you manage to beat their traders. Let me illustrate that with an easy to understand example. Let's suppose that you placed a bet in Singbet at odds 1.90, and right after these odds collapsed to 1.80 in all major competitors (Pinnacle, Betfair, etc). Your Singbet bet will most probably be cancelled and you will not be informed for that until it is very late. If the bet is a winning one, you can be very confident it will be cancelled. Scary? Also based on long term observation, it is advisable that you should not repeat your bets. If you want to place a bet at 1.90 odds, don't place the same bet again when the odds fall to 1.85 and 1.80. Most of these bets will be cancelled. How should you handle Singbet? As you already understood from the above, Singbet requires a very delicate approach. Every sharp bettor will be under Damocles' sword. You can choose to use Singbet only on top football leagues and only when the odds offered emits no sign of sharp action. But in this case, maybe you should look to other bookmakers like Pinnacle. If you are looking for rugby markets, American football or anything like this, Singbet is not your online sportsbook. Many times, players find themselves in a position where they don't have any alternatives, but to place bets in Singbet due to their high limits. Personally, I wouldn't take that risk, as I prefer to bet than gamble (others call it to gamble responsibly). That said, it is advised to de-activate Singbet from any platform and their white labels unless you are a square bettor, which I doubt you are. So what is left? The only credible way to bet on Singbet's odds is by Skype's "No Void Guarantee" from , which we secured for our members. However, this should be used under very specific circumstances. Skype betting comes with significant delays, and it might take you 1-3 minutes in order to confirm a wager, especially if we are talking about bigger wagers. The larger the bet is, the bigger margins added, and that means that only smaller than offered limits will take

the creme of the odds.You can have a look at the following in order to compare agents and decide which one suits you best:And of course, you can have a look at this case, reporting a void bet from Singbet:I hope you found this review useful. Feel free to comment and read what our members say about Singbet.
