It is the second most popular non-blackjack table game in the Las Vegas Table Game Survey behind craps.

There are four types of roulette in Las Vegas. The options are European, single zero, double zero, and triple zero. The best Las Vegas roulette game in terms of payback to players is European. This game has a 1.35% house edge on even money bets and 2.7% on all other bets. Single zero roulette is 2.7% for all bets. Double zero roulette has a house edge of 5.26%, while triple zero roulette is 7.69%. All Las Vegas casinos that deal roulette have a double zero table, except for O'Sheas. Some offer another version, too. A few Las Vegas Strip casinos deal three versions of the game.

Vegas Advantage is supported through memberships, sponsors, and advertisements. If you or someone you know has a gambling problem, call 1-800-GAMBLER.

Our Las Vegas Blackjack and Table Game Survey is available as part of a subscription service. You can support Vegas Advantage by signing up for a monthly or quarterly membership. It is updated several times per month with new data from casino visits. Memberships start as low as R\$3 per month. Vegas Advantage subscriptions are now available through both Patreon and Gumroad. It's the same great information on both platforms. Las Vegas casinos with roulette

This section covers all four roulette games played in Las Vegas, including the Strip, downtown, and Fremont Street, as well as the locals market. We collected the following information in the summer of 2024, except that we added Durango and Fontainebleau. Those two casinos opened in December 2024.

The minimum bets shown are what we predict are the lowest you will find, often in the mornings and afternoons. Expect higher minimums during busy times.

Be cautious, some 000 roulette tables look like 00 roulette tables. The third zero may be disguised as the casino logo on the table felt. Some casinos open 000 roulette at a lower limit than 00 roulette. Some will have both tables open with the same minimums. Other casino floors open the 000 roulette table only when all the 00 roulette tables are already open and full. In some instances, 000 tables will be open while 00 is closed.

Note that triple zero roulette often has the same minimum bet as double zero. It is always better

to choose the double zero roulette table in that scenario. All casinos with 000 roulette, except O'Sheas, have at least one 00 table.

There are three Las Vegas casinos that deal roulette under R\$5. The cheapest is R\$2.

Las Vegas Electronic roulette machines

Electronic roulette machines offer games with lower limits than the live versions. These come in single, double, and triple zero versions. Some video roulette machines short-pay on straights and splits. We have all the details on video roulette, including the type of machine, number of zeros, and minimum bets, in our Las Vegas Electronic Table Game Guide.

How to play roulette

Roulette is a game that has no skill to learn beyond how to bet. There are several ways to place a wager at a roulette table. Even-money bets only lose half when the zero is called in European Roulette. This is called “la partage.”

Red/black: This bet pays even money. It wins if the color bet on comes and loses if it is a zero or the other color.

Odd/even: Wins if the choice comes and loses if it is the other one or zero.

High/low: Low numbers are 1-18. The high numbers are 19-36. The bet loses if the other comes up or zero is called.

Columns: There are three columns at the bottom of a roulette felt. These pay 2:1 if the number in that column hits.

Dozens: Also pays 2:1 and includes the first, second, or third dozen on the wheel.

Straight up: This is a bet on a single number. It pays 35:1.

Split: Covers two numbers next to each other on the felt. It pays 17:1.

Street: Three numbers in a row. It pays 11:1.

Corner: Covers four numbers that touch on the felt. It pays 8:1.

Line: Includes six numbers across two rows on the felt. It pays 5:1.

Online roulette

Roulette is dealt by all online casinos. It is somewhat different than playing roulette in Las Vegas casinos. The minimum bet starts atR\$1 or less. It is usually dealt in video and live dealer forms.

The best part of playing online roulette is that most casino sites offer single zero and double zero games. The house edge at single zero roulette is 2.7%. It is 5.26% at double zero roulette. For this reason, there is never a reason to play double zero roulette at an online casino.

Online roulette is permitted while clearing a bonus at most casinos. However, the terms and conditions make clear that it is a violation to make two opposite wagers. For example, betting both red and black or high and low while clearing a bonus may get you in trouble with the site. In most cases, the online casino bonus is still over 100% when playing single zero roulette. There is no reason to break the rules.

Las Vegas roulette FAQ

What is the best roulette in Las Vegas?

European Roulette is the best version of the game in Las Vegas. The house edge is 1.35% for even money bets and 2.7% for all others.

What is an inside bet?

In roulette, an inside bet is where you put your chips on individual numbers. It is a bet on a single number, a small group of numbers, or a specific pattern of numbers on the roulette table.

straight-up bet, and this is the most common type of inside bet paying out at 35:1 in European and American Roulette.

What are outside bets? Outside bets are made by placing your bet on a larger group of numbers, such as red or black, odd or even, or high or low. These bets have a lower payout but a higher probability of winning.

black or all red numbers, or decide between all odd and all even numbers.

probability of 1/38 to win. If the ball lands on the number you bet on, you win 35 times your bet. If the ball lands on any other number, you lose your bet.
