contente:

The European roulette wheel is comprised of 37 pockets, numbered from 0 to 36, whereas, the American roulette wheel has 38 pockets, with the additional pocket being labelled as double zero (00). The additional pocket on the American roulette wheel can make all the difference when it comes to winning odds.

[roulette on line](#)

A French roulette table has 37 numbers from 0 to 36 in 3 columns of 12 boxes each. All boxes are marked with a number from 1 to 36, with 18 red boxes and 18 black boxes. When the croupier spins the wheel, a ball falls and lands in one of the numbered pockets, which becomes the winning number.

Nyx Gaming decided that having 36+1 pockets can be a little tiresome if not altogether boring. That is why the studio decided to develop its signature style 100 to 1 roulette, in which you can get paid 100:1 on a straight-up bet. Where is the catch, you may ask? Well, there are over 100 pockets to explore for this game, but don't worry.

The player can always try 100/1 roulette free play before they try their luck at the actual thing. Understandably, the game adds a lot more challenge if you are looking for a raw win, but the flip side is that you will add a level of excitement to your gameplay that will stick with you.

You are very welcome to give this version of roulette your best shot and discover many a great casino in the UK that will be happy to welcome you on its 100-numbered roulette wheel!

100 to 1 Roulette Features

So,

what's so special about 100 to 1 roulette, you may ask? We would argue that the whole game is pretty special and unorthodox, which is a good thing.

With 100+ pockets to bet

on, you stand to enjoy quite the sizable wheel.

You stand to win 100 times your bet

size, and three numbers will give you a 32/1 win.

If you get one of four numbers right,

you will be paid a reward equal to 24 times your original bet.

A single spin can let

you win GBP 100,000, which is a massive payday for anyone looking for a truly unique experience.

Now, having 100+ pockets means that this roulette cannot have that great payout, or can it? The theoretical return here is 96.19%, which is still better than a much simpler version such as American Roulette. If you are not sure yet, you can play 100/1 roulette online free in Great Britain and test the game yourself.
